MUNICIPAL REGULATIONS.

FOR PAYMENT OF BILLS AGAINST THE CITY.

All persons furnishing materials or service for the city, or aid to the city poor, should be particular to take the name of the person ordering such service, material, or aid, and should *know* that the person is duly authorized to contract such liability.

The city will not be holden for merchandise sold or delivered on city poor account, except on the written order of the overseer of the poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the city, furnished on county poor account.

All bills against the city must be approved by the person authorizing the charge; and unless this is done, no action can be had upon the bill by the Committee on Accounts and Claims, and no order will be given for its payment.

Bills so certified should be left with the city clerk on or before the second day of the month.

If approved by the Committee on Accounts and Claims, they will be ready for payment on Thursday following the regular monthly meeting of the city government.

The regular monthly meetings of the city government occur on the second Monday of each month.

ARTHUR E. ROBY,
City Clerk.

ORDINANCES AND RESOLUTIONS.

PASSED DURING THE YEAR ENDING JANUARY 12, 1925.

CITY OF CONCORD—ORDINANCES.

AN ORDINANCE AMENDING SECTION 6 OF CHAPTER XXXVI OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That Section 6 of Chapter XXXVI of the Revised Ordinances be, and the same hereby is, amended by striking out the whole of the same and substituting in place thereof the following:

SECT. 6. The offices of all city departments in the City Hall shall be open continuously from 9 o'clock in the morning until 5 o'clock in the afternoon of each day excepting Sundays, holidays and Saturdays. On Saturday such offices shall be kept open from nine o'clock in the morning until 12 o'clock at noon; except that the tax collector's office shall be kept open Saturday afternoon and evening preceding the last day on which taxes can be paid with the discount.

SECT. 2. This ordinance shall take effect upon its passage.

Passed February 11, 1924.

AN ORDINANCE IN AMENDMENT OF SECTION 1 OF CHAPTER V OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Section 1 of Chapter V of the Revised Ordinances is hereby amended by striking out the whole thereof and substituting in place thereof the following:

SECT. 1. The permanent police force shall consist of a city marshal, an assistant city marshal, a captain of the night watch, a sergeant, thirteen regular police and night watch to be assigned to duties as patrolmen or chauffeurs, and three regular police to be assigned to duty in the station or upon other special assignments than patrolmen or chauffeurs. The city marshal and assistant city marshal shall be appointed to the office of constable, and, before entering upon the duties of their office, shall take the oath prescribed by law, and shall each give bond in the sum of three hundred dollars with securities to be approved by the mayor and aldermen, for the faithful performance of the duties of his office, which oath and bond shall be recorded in the city clerk's office.

SECT. 2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed April 14, 1924.

AN ORDINANCE IN AMENDMENT OF CHAPTER XLI OF THE REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Chapter XLI of the Revised Ordinances is hereby amended by striking out the whole thereof and substituting in place thereof the following:

SECT. 1. The salaries of the city officials shall be as follows, in each case to be in full for all services of the officer designated for the period stated:

- (a) City treasurer, twelve hundred and fifty dollars per annum.
- (b) City clerk, seventeen hundred dollars per annum.
- (c) Clerk of the Board of Public Works, two hundred dollars per annum.
- (d) City solicitor, eight hundred dollars per annum.
- (e) City marshal, twenty-six hundred dollars per annum.
- (f) Assistant City marshal, twenty-two hundred dollars per annum.
- (g) Captain of the night watch, two thousand dollars per annum.
- (h) Sergeant of police, nineteen hundred and fifty dollars per annum.
- (i) Each regular police officer while assigned to duty as patrolman or chauffeur: for the first year of such service, sixteen hundred and fifty dollars; for the second and third years of such service, eighteen hundred dollars per annum; for the fourth and fifth years of said service, eighteen hundred and fifty dollars per annum; for such service subsequent to the fifth year, nineteen hundred and sixteen dollars per annum. Provided, that in the rating above prescribed, two years of service as a special officer shall be regarded as the equivalent of the first year of service as a regular officer.
- (j) Each regular police officer while assigned to duty in the Police Station or upon other special assignments than those provided under the preceding subsection, a minimum of one thousand dollars per annum and a maximum of thirteen hundred dollars per annum, the mayor and Board of Aldermen in each case to prescribe the salary within the limits named.
- (k) Special police officers, four dollars and twenty-five cents per day.
- (l) City messenger, twelve hundred dollars per annum.
- (m) Sanitary officer of the Board of Health, two thousand dollars per annum.
- (n) Justice of the Municipal Court, twelve hundred dollars per annum. All fees that said justice shall receive or be entitled to from any source, on account of any civil case that may come before him, shall be paid into the city treasury semi-annually, except fees received by him from the Superior Court. In the absence of the city solicitor, the said justice shall make complaints and warrants, in all cases, and the fees for the same shall be paid into the city treasury.
- (o) City physician, six hundred dollars per annum. Assistant city physician, one hundred dollars per annum. In each case this shall be

an addition to the amount received from the county for attendance on county paupers.

(p) The collector of taxes shall receive in full for his services a commission of one half of one per centum upon the first sixty thousand dollars, and three fourths of one per centum upon all sums over said sixty thousand dollars, by him collected and paid over to the city treasurer.

(q) Ballot inspectors, eight dollars per day. Moderator in each ward, forty dollars per annum. Ward clerk in each ward, forty dollars per annum. Supervisors of the check list in Wards 1, 2, 3, 8, and 9, forty dollars per annum. Supervisors of the check list in Wards 4, 5, 6, and 7, fifty dollars per annum.

(r) City engineer, three thousand dollars per annum.

(s) Overseer of the poor in Ward 1, thirty dollars per annum; in Ward 2, ten dollars per annum; in all other wards, three hundred and fifty dollars per annum.

(t) Clerk of Municipal Court, six hundred dollars per annum.

(u) City sealer, seven hundred and twenty dollars per annum.

(v) Superintendent of cemeteries, twenty-four hundred dollars per annum.

(w) Superintendent of parks, fifteen hundred dollars per annum.

(x) Chief engineer of the Fire Department, twenty-six hundred dollars per annum.

(y) Assistant chief engineer of the Fire Department, two thousand dollars per annum.

(z) Inspector of clock, one hundred and ten dollars per annum.

SECT. 2. The salaries of clerks in the employ of the city shall be as follows, in each case to be in full for services rendered for the period stated:

(a) First clerk in the city clerk's office, thirty dollars per week. Second clerk in the city clerk's office twenty dollars per week.

(b) Clerk in the assessor's office, twenty-one dollars per week.

(c) Clerk in the office of the Board of Health, ninety dollars per month.

(d) Clerk in the office of the city engineer, fifteen dollars per week.

(e) Janitor, twenty dollars per week.

SECT. 3. This act shall take effect upon its passage; provided however, that all annual salaries herein fixed at a higher figure than heretofore shall be effective from April 1, 1924, the former salaries already paid for the quarter of the current fiscal year being deemed to be in full to April 1, 1924, and the salaries herein provided to be paid for services from and after April 1, 1924; except, however, that the city clerk having performed additional duties from January 1, 1924, the increase herein provided as to that office shall be paid from January 1, 1924.

Passed, May 2, 1924.

AN ORDINANCE IN AMENDMENT OF SECTION 28 OF CHAPTER 18 OF THE
REVISED ORDINANCES.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. Section 28 of Chapter XVIII of the Revised Ordinances is hereby amended by striking out after the words "assistant engineer at Penacook," the words "seventy-five dollars," and substituting in place thereof the words "one hundred dollars," so that the amended phrase shall read as follows: "assistant engineer at Penacook, one hundred dollars."

SECT. 2. All ordinances and parts of ordinances inconsistent with this ordinance are hereby repealed, and the salary herein provided shall take effect from January 1, 1924.

Passed July 14, 1924.

AN ORDINANCE REGULATING THE OPERATION OF ALL VEHICLES WHEN
FIRE APPARATUS IS RESPONDING TO FIRE ALARMS.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. No person or persons shall ride a bicycle, or drive any motor propelled or other type of vehicle in such a manner as to interfere with or delay the Fire Department when responding to any fire alarm.

SECT. 2. No person or persons shall intentionally ride a bicycle or drive any type of vehicle ahead of any fire apparatus which is responding to a fire alarm, and no person or persons shall follow on a bicycle or in any type of vehicle any fire apparatus which is responding to a fire alarm, within a distance of two hundred yards, excepting members of the police or fire departments and emergency crews of public service corporations who are themselves responding to the fire alarm. Such members of the police or fire departments shall have prominently displayed on their vehicles, the letters F. D. or P. D.

SECT. 3. No person or persons other than those having duties in connection with a fire, shall permit any motor propelled or other type of vehicle to be within two hundred yards in any direction of any fire for which an alarm has been given, nor within twenty feet of any hydrant nor in any location that will interfere with the fire department in laying hose or in the use of any apparatus of the fire department.

SECT. 4. The police department shall establish and maintain fire lines at all fires. They shall direct and divert traffic as may be required for the proper operation of the apparatus of the fire department, and shall assist in removing any type of vehicle wrongfully coming within the prescribed area named in section 3 of this ordinance. They shall exclude from the fire lines all persons not connected with the Police or Fire Departments, or emergency crews of public service corporations, except that in their discretion they may permit owners or occupants of property located within the fire lines, ambulances, vehicles of doctors, nurses, and

members of the fire department responding to fire alarms, to come or remain within said fire lines. In the case of members of the fire department, they shall have their vehicles plainly marked F. D.

SECT. 5. Any person violating any of the provisions of this ordinance shall pay for the use of the city, a fine of not exceeding twenty-five dollars for each violation thereof.

SECT. 6. All ordinances and parts of ordinances, inconsistent with this ordinance are hereby repealed, and this ordinance shall take effect upon its passage.

Passed July 14, 1924.

AN ORDINANCE REGULATING THE CONSTRUCTION AND EQUIPMENT OF
BUILDINGS WITHIN THE FIRE LIMITS IN THE CITY OF CONCORD.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. The name and title of this ordinance is The Building Code and it shall be known and cited as such.

SECT. 2. Upon the passage of this ordinance, and thereafter annually in the month of January, the mayor and Board of Aldermen shall elect an inspector of buildings, who shall be a competent person familiar with the construction of buildings. Such inspector of buildings shall hold office for the term of one year and until his successor is elected and qualified.

The chief engineer of the Fire Department shall annually, in the month of January, be designated and appointed by the mayor and Board of Aldermen as assistant building inspector, for the purposes of consultation and such other duties as the inspector of buildings may require.

SECT. 3. Fire Limits. The following shall be and are hereby declared to be the fire limits: Beginning on the track of the Boston & Maine Railroad, Concord Division, at a point 200 feet north of the northerly line of Church Street extended; thence westerly on a line 200 feet north of and parallel with the northerly line of Church Street to a point 200 feet west of the westerly line of Rumford Street; thence southerly on a line 200 feet west of and parallel with the westerly line of Rumford Street to a point 200 feet north of the northerly line of Beacon Street; thence westerly on a line 200 feet north of and parallel with the northerly line of Beacon Street to a point opposite the center of White Street; thence southerly by the center line of White Street to the center line of Washington Street; thence westerly by the center line of Washington Street to the center line of Center Street; thence westerly by the center line of Center Street to a point 200 feet west of the westerly line of Liberty Street; thence southerly on a line 200 feet west of and parallel with the westerly line of Liberty Street to the center line of Pleasant Street; thence easterly by the center line of Pleasant Street to a point opposite the center line of Merrimack Street; thence southerly on the line of the

center of Merrimack Street extended to a point 200 feet south of the southerly line of Pleasant street; thence easterly on a line 200 feet south of and parallel with the southerly line of Pleasant Street to a point 200 feet west of the westerly line of South Spring Street; thence southerly on a line 200 feet west of and parallel with the westerly line of South Spring Street to a point 200 feet south of the southerly line of Avon Street; thence on a line 200 feet south of and parallel with the southerly line of Avon Street to a point 200 feet west of the westerly line of South Street; thence southerly on a line 200 feet west of and parallel with the westerly line of South Street to a point 200 feet south of the southerly line of Pillsbury Street; thence easterly on a line 200 feet south of and parallel with the southerly line of Pillsbury Street to the track of the Boston & Maine Railroad; thence northerly by the track of the Boston & Maine Railroad to the point of beginning.

Within the boundaries of the above described fire limits there is defined an additional restricted area within which the provisions of Sections 5, 6, 7, 9, 12B and 21 shall apply. The boundaries of this restricted area within the fire limits are as follows:

Beginning on the track of the Boston & Maine Railroad, Claremont Branch, at a point opposite Montgomery Street extended, thence westerly in the center line of Montgomery Street to the center line of North State Street, thence southerly to the center line of Pleasant Street, thence southerly in the center line of South State Street to the center line of Fayette Street, thence easterly to the Boston & Maine Railroad tracks, thence northerly along the tracks of the Boston & Maine Railroad to the point of beginning.

All other sections of the building code not specified in the above restricted area are understood to apply to all classes of buildings which may be hereafter erected or altered within the fire limits.

SECT. 4. Permit Required. No wall, building or part thereof, costing more than one thousand dollars shall be built; and no enlargement or alteration shall be made to an existing wall, structure or building, costing more than five hundred dollars, until duplicate plans showing the details of the proposed work accompanied by duplicate specifications covering material or materials to be used, have been submitted to and approved by the building inspector, and a permit issued for the proposed construction or alteration. One set of the approved plans and specifications shall be retained by the building inspector and the other set shall be kept at the building during its construction. Pencil sketches and general specifications may be accepted by the building inspector. No changes from the approved plans shall be made until revised plans and specifications have been submitted to and approved by the building inspector.

No building shall be moved from without to within the fire limits and no building of any type shall be moved until a permit has been obtained from the building inspector; and no permit shall be issued for moving a

building to a new location unless the application for the permit is accompanied by formal approval and permission of the Board of Public Works.

SECT. 5. Incombustible Walls, Cornices, and Roofs Required Within the Restricted Area. Every building hereafter erected or enlarged within the restricted area shall be enclosed on all sides with walls constructed wholly of stone, brick, hollow building tile, concrete, or other equivalent incombustible materials; and shall have the roof, top, and sides of all roof structures, including dormer windows, covered with incombustible material. All cornices except those on dwelling houses, shall be of or covered with incombustible material.

SECT. 6. Permissible Wooden Structures Within the Restricted Area. No frame or wooden structure shall hereafter be built within the restricted area as given herein, except dwelling houses of not larger than 2 family design, except the following; and all roofs placed upon such buildings or structures shall have an incombustible covering:

- (a) Temporary one-story frame buildings for use of builders.
- (b) One-story sheds not over 15 feet high, open on the long side with sides covered with incombustible material, and with an area not exceeding 500 square feet. A wooden fence shall not be used to form the back or side of such sheds.
- (c) Wooden fences not over 10 feet high.
- (d) Piazzas or balconies not exceeding 10 feet in width, nor extending more than 3 feet above the second story floor beams. No such structure shall extend beyond the lot line, or be joined to any similar structure or another building.
- (e) Bay windows when covered with incombustible material.
- (f) Small outhouses not exceeding 150 square feet in area and 8 feet in height.

Wooden sheds or outhouses shall not be located within 5 feet of any lot line, nor less than 30 feet from any other building over one story high.

SECT. 7. Repairing Frame Buildings Within the Restricted Area. In case of any existing frame building which may hereafter be damaged by fire, decay or otherwise, to an amount greater than one-half of its sound value, exclusive of the foundation, the same shall not be repaired or rebuilt until the plans and specifications are satisfactory to the building inspector. In no case shall the area be increased if repaired. In case of a disagreement between the owner (and other parties interested) and the building inspector, each of them shall choose a representative and the two thus chosen shall select a third person. These three shall serve as a board of arbitration in the disputed matter and their decision shall be final on the owner of the property. These provisions shall not apply to existing frame dwelling houses.

SECT. 8. Limits of Height and Area. Except as specified in Section

22, no building hereafter erected within the fire limits, having walls of hollow building tile or concrete blocks, shall exceed three stories, or 40 feet in height; and no building hereafter erected or altered shall exceed four stories or 55 feet in height, unless it be of fireproof construction.

The floor area between fire walls of non-fireproof buildings shall not exceed the following: When fronting on one street, 5,000 square feet; when fronting on two streets, 6,000 square feet; and when fronting on three streets, 7,500 square feet. These area limits may be increased under the following conditions as indicated.

For non-fireproof building, fully equipped with approved automatic sprinklers, 66 2/3 per cent.

For fireproof buildings, not exceeding 125 feet in height, 50 per cent.

For fireproof buildings not exceeding 125 feet in height, fully equipped with approved automatic sprinklers, 100 per cent.

SECT. 9. Walls Within the Restricted Area. All exterior, or division walls of buildings hereafter erected within the restricted area shall be of masonry or concrete and of sufficient thickness to support safely the load to be carried.

Walls, excepting party and fire walls, for all buildings of other than the dwelling house class, not exceeding five stories or 65 feet in height, shall have the upper story not less than 8 inches thick, increasing 4 inches in thickness for each two stories or fraction thereof below. For such buildings in excess of five stories, but not exceeding ten stories or 125 feet in height, the top story shall be not less than 8 inches thick, increasing 4 inches in thickness for each two stories or fraction thereof below. No two-story increment shall exceed 30 feet in height.

Solid masonry exterior walls of dwellings not exceeding 30 feet in height, exclusive of gable, and occupied by not more than two families, shall be not less than 8 inches thick, and shall include cellar and basement wall if built the same thickness. The unsupported length of such walls shall not exceed 25 feet.

Solid concrete walls shall be not less than 6 inches thick, and hollow monolithic concrete walls shall have an aggregate thickness not less than 6 inches. If masonry walls are built hollow, or are constructed of hollow clay or concrete units, the allowable height of the 8-inch portion shall be limited to 20 feet and the remaining lower portion shall be at least 10 inches thick.

For dwellings over 30 feet high, but not exceeding 40 feet in height, the exterior walls shall be not less than 8 inches thick for the uppermost 20 feet and shall be at least 12 inches thick for the remaining lower portion.

Solid party and division walls of dwellings shall be not less than 8 inches thick for the uppermost 20 feet and shall be at least 12 inches for the remaining lower portion. Such party and division walls, if hollow, or if built of hollow clay or concrete units, shall be not less than 12 inches thick.

All walls of buildings of the dwelling house class of ordinary construction exceeding 40 feet in height shall be solid. The upper story shall not be less than 8 inches thick, increasing 4 inches in thickness for each three stories or fraction thereof below. No three-story increment shall exceed 45 feet in height.

Brick or concrete walls of buildings outside the restricted area, which under this ordinance could be of wood, may have minimum thickness of 8 inches. Such walls shall not exceed two stories or 30 feet in height, exclusive of gable, nor shall they exceed 35 feet in length unless properly braced by cross walls, piers, or buttresses.

Walls in skeleton construction shall be supported by girders at each story, and shall be not less than 12 inches thick, except that solid concrete may be 8 inches thick, if properly reinforced.

In all buildings, except dwellings, frame buildings, and skeleton construction, party walls and fire walls which serve as bearing walls on both sides, shall be not less than 16 inches thick at the top. No two-story increment shall exceed 30 feet in height.

Rubble stone walls shall be 4 inches thicker than required for brick walls.

The foundation walls of all buildings over two stories in height, except as above provided, shall be 4 inches thicker from footing to grade than required for the remainder of the wall.

All division or party walls over one story high, shall extend the full thickness of top story to at least 2 feet above the roof surfacing of a building as a parapet and be properly coped, excepting walls which face on a street and are finished with cornices covered with incombustible materials, gutters or crown mouldings; excepting also the walls of detached dwellings with peaked or hipped roofs.

Clay brick used for exterior walls, chimneys or piers, shall have an average compressive strength of 2,000 pounds per square inch, and an absorption not exceeding 20 per cent. Concrete, or other varieties of brick, used for the same purposes shall have an average crushing strength of 1,500 pounds per square inch, and an absorption not exceeding 15 per cent.

Portland cement only shall be used in the manufacture of concrete blocks to be used for walls within the restricted area, and the coarse aggregate shall be of suitable material graded in size, but in no case shall the maximum dimension exceed one-fourth the minimum width of any section of the finished block. Concrete blocks shall not be used in construction until they have attained the age of 28 days, or developed the strength required in this section.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces.

Hollow building tile used for exterior or party walls or piers, and de-

signed to be laid normally with the cells vertical, shall have an average compressive strength of not less than 1,200 pounds per square inch when tested with the cells vertical, and not less than 300 pounds per square inch when tested with the cells horizontal.

The average compressive strength of hollow building tile designed to be laid normally with the cells horizontal and tested with the cells in that position, shall be not less than 700 pounds per square inch.

Hollow concrete block or tile used for exterior or party walls or piers shall have an average compressive strength of not less than 700 pounds per square inch.

Concrete blocks shall be not more than 36 days old when tested. The average strength of the blocks as here given shall be obtained by testing five blocks of average quality.

The allowable working stress on all masonry construction shall not exceed one-tenth of the required average test strength.

All walls and partitions in schools, hospitals, and places of public assemblage, over one story high, and all walls and partitions in theatres, shall hereafter be built of brick, stone, hollow or solid blocks, or metal lath and Portland cement plaster on metal studding or other equivalent incombustible construction.

The mortar used for all 8-inch walls, fire walls, foundation walls, walls for skeleton construction, and all walls built of hollow building tile or concrete blocks, shall be either Portland cement mortar, or cement-lime mortar, the latter in proportion not leaner than 1 part Portland cement, 1 part lime, and 6 parts sand by volume.

SECT. 10. Concrete Construction Within the Fire Limits. Concrete for reinforced concrete construction shall consist of a medium wet mixture of one part of Portland cement to not more than six parts of aggregate, fine and coarse, in such proportions as to produce the greatest density.

The quality of the materials, the design, and the construction, shall be in accordance with the best engineering practice.

SECT. 11. Protection of Ends of Wooden Beams Within the Fire Limits. The ends of all floor, ceiling, or roof beams, entering a party or fire wall from opposite sides, shall be separated by at least 6 inches of solid masonry. Such separation may be obtained by corbeling the wall, or staggering the beams, or the beams may be supported by steel wall hangers, but no wall shall be corbeled more than 2 inches for this purpose. The ends of all wooden beams which enter walls shall be cut to a bevel to make them self-releasing.

SECT. 12-A. Protection of Wall Openings Within the Fire Limits. No openings in an interior masonry wall shall exceed 8 feet by 10 feet.

NOTE.—Quartz gravel or other highly silicious gravel should not be used as an aggregate in concrete fireproofing or in reinforced concrete construction in portions of a building liable to be subjected to fire. It has been fully proven that such concrete cannot be depended upon when subjected to high temperatures.

If the opening be in a party or fire wall it shall have a standard automatic fire door on each side of the wall. If an opening in a fire wall is made to serve as an emergency exit, it shall not exceed 48 square feet in area, and a self-closing swinging fire door shall be substituted for one of the automatic fire doors. The total openings in a fire wall shall not exceed 25 per cent in linear length of the wall.

12-B. Every building hereafter erected within the restricted area except churches, dwellings, tenement houses, dormitories, and lodging houses, shall have standard fire doors, shutters, or wired glass in incombustible frames and sash on every exterior opening above the first story, except when fronting on a street not less than 50 feet wide or where no other building is within 35 feet of such opening. The wall of a building in the same plane as that in which the opening is situated, shall not be considered as coming within the intent of this rule. All openings in the side and rear walls of the first story, except show windows, shall be protected as prescribed in this section when within 50 feet of another building.

All exterior windows more than 75 feet above the curb shall have incombustible frames and sash glazed with wired glass.

SECT. 13. Stairway and Elevator Shafts Within the Fire Limits. In all buildings hereafter erected, which are used above the first floor for business purposes or for public assemblage, or for any purpose whatever if over three stories high, the stair shafts shall be separately and continuously enclosed by incombustible partitions. Elevator shafts in all buildings hereafter erected shall be enclosed in the same manner. The partitions shall be constructed of brick or other fire-resistive material approved by the Building Inspector or other designated official. No such partition shall be less than 4 inches thick.

All door openings in stair and elevator enclosures shall be protected by fire doors mounted with wrought iron or steel hardware, and shall be securely attached to the wall or partition, or to substantial incombustible frames anchored thereto. If glass panels be used in such doors, they shall be of wired glass not exceeding 720 square inches in area. Interior shaft windows shall not be permitted.

Doors opening into stairway shafts shall swing in the direction of exit travel, shall be self-closing, and shall be at least 30 inches wide.

The enclosure walls for all elevator shafts shall extend at least 3 feet above the roof, and at least three-fourths of the area shall be covered with a skylight constructed as specified in Section 14. If in the opinion of the Building Inspector, or other designated official, it is necessary to preserve an open elevator or hoistway in existing buildings, the floor openings through which they pass shall be equipped with automatically closing trap doors not less than 1½ inches thick, made of two thicknesses of matched boards, covered on the under side with tin; the trap doors when closed, shall extend beyond the openings on all sides.

SECT. 14. Skylights over Stairway and Elevator Shafts Within the Fire Limits. Where a stairway, elevator, or dumb-waiter shaft extends through the roof and is covered by a skylight, the skylight shall be constructed with incombustible frame and sash, glazed with ordinary thin glass, and shall be protected by a galvanized steel wire screen with a mesh not exceeding one inch, and the wire not smaller than No. 12 gauge. The screen shall have metal supports and be placed not less than 6 inches above the skylight. Instead of a skylight, a window may be placed above the roof in the side of the shaft which is farthest removed from a property line. The window shall have incombustible frame and sash, and be glazed with thin glass.

SECT. 15. Floor Lights. Except in dwellings, all openings hereafter made in floors for the transmission of light to floors below shall be covered with glass set in metal frames and bars. The glass shall be not less than $\frac{3}{4}$ inch in thickness, and if any glass measures more than 16 square inches there shall be a rigid wire mesh either in the glass or under it.

SECT. 16. Light, Vent and Dumb-Waiter Shafts Within the Fire Limits. In every building hereafter erected or altered, except frame buildings, all walls or partitions forming interior light or vent shafts shall be built in accordance with the requirements for stair and elevator shafts in new buildings as specified in Section 13. The walls of dumb-waiter shafts, except those in dwellings which extend only one story above the basement or cellar, shall be of fire-resistive construction, and shall be not less than 3 inches thick if constructed of brick, hollow or solid partition blocks, or of steel or wood studding and metal lath with $\frac{3}{4}$ inch of Portland cement plaster on each side; or a 2-inch solid metal lath and Portland cement plaster wall may be permitted, if securely anchored at each floor. The material and method of construction to be specified for stair and elevator shafts in existing buildings in Section 13.

Where a dumb-waiter shaft does not extend through the roof, the top of the shaft shall be of fire-resistive construction of the same thickness as the walls of the shaft.

All openings in dumb-waiters shall be protected by fire doors mounted in incombustible frames securely anchored to the walls.

The walls of all light and vent shafts hereafter erected shall extend not less than 3 feet above the roof level, except that when a shaft is covered by an incombustible ventilating skylight, the walls need not extend more than 2 feet above the roof. Masonry walls shall be properly coped.

When metal louvres are used for ventilating purposes, the louvres or slats shall be riveted to the metal frame.

SECT. 17. Roof Covering Within the Fire Limits. Every building hereafter erected and every roof hereafter renewed within the fire limits shall have a fire-resistive roof covering, and no existing wooden shingle

roof, if damaged by fire or other casualty more than 25 per cent shall be renewed or repaired with other than a fire-resistive roof covering.

SECT. 18. Roof Openings Within the Fire Limits. All openings in roofs for the admission of light or air, other than those provided for in Sections 14 and 16, shall have incombustible frames and sash glazed with wired glass; or ordinary glass may be used, if protected above and below by galvanized steel wire screens with a mesh not exceeding one inch, and the wire not smaller than No. 12 gauge. The top screen shall be installed as specified in Section 14.

SECT. 19. Exits Required Within the Fire Limits. The term floor area as used in this section shall mean the entire floor space between exterior walls and fire walls.

In every building hereafter erected or altered as to exits, except in private dwellings, not exceeding two stories in height and buildings erected solely for storage purposes, each floor area above the first shall be provided with at least two means of egress remote from each other, one of which shall be an enclosed stairway as provided in Section 13, or a doorway in a fire wall leading to another floor area separately provided with adequate stairs or other independent means of exit. Such doorway serving as an emergency exit in a fire wall shall be protected by an automatic and a self-closing fire door as specified in Section 12.* No portion of any floor area shall be more than 100 feet from a place of egress. Elevators shall not be considered as a required means of egress as specified in this section.†

Except in dwellings, no required stairway shall be less than 44 inches wide, and in all public buildings the total width of exit doorways leading therefrom shall at least be equal to the total width of the stairways which they serve.

The total width of stairway, interior and exterior, provided for the occupancy of each floor and those above, shall be not less than 44 inches

* NOTE.—As a means of rapid and safe egress from a burning building, the use of horizontal exits through a fire wall or a fire exit partition are strongly recommended. Such a partition shall be built of fire-resistive material not less than 3 inches thick, and be securely attached to the walls, floors, and ceilings of the room which it subdivides. It shall be provided with one or more self-closing fire doors, that is, doors which are kept closed by some automatic device. Such a partition would afford an area of quick refuge upon either side. Each area must be sufficient to accommodate all the people employed upon the floor, and must be provided with at least one independent exit to the street. As above indicated a fire wall may be made to serve the same purpose. As a means of egress, a doorway in such a partition or fire wall may be considered the equivalent of three times the same width of stairway.

† SMOKEPROOF TOWER.—The use of a smokeproof tower or stairway is also recommended as one of the best known means of safe escape from a burning building. At the same time it furnishes a protection position from which firemen can attack a fire on any floor. Such a tower is built entirely of incombustible materials, and has no direct openings to the interior of the building it serves. It is reached by a fireproof open-air balcony or interior open-air vestibule, this effectively excluding smoke and fire from the tower. The entrance at each floor level is protected by a self-closing fire door.

for the first 50 persons, and 12 inches for each additional 50 persons to be accommodated thereby. The stair treads shall be not less than 11 inches wide, and the risers not more than $7\frac{3}{4}$ inches high. Windward such required stairways are prohibited.

Every school, hospital and theater, over one story high, shall have at least two stairways constructed entirely of incombustible material, located remote from each other and continuous from grade line to the topmost story.

All exit doors in schools, hospitals, theaters, and other places of public assemblage, shall open outward, and shall be equipped with anti-panic latches or bolts.

SECT. 20. Fire Stops. At each floor level in all buildings hereafter erected within the fire limits, all stud walls, partitions, furrings and spaces between joists where they rest on division walls or partitions, shall be fire-stopped with incombustible material in a manner to completely cut off communication by fire through concealed spaces. Such fire-stopping shall extend the full width of the studding and at least 4 inches above each floor level. Stair carriages shall be fire-stopped at least once in the middle portion of each run. Buildings of over one story in height if framed with girts the full size of the wall studding and floor timbers no other fire-stop would be required. If balloon framing is used fire-stops will be required at each floor as specified for interior partitions as above.

SECT. 21. Areaways in the Restricted Area. All areaways shall be guarded with suitable railings, or be protected by incombustible covers or gratings. If gratings be used, they shall have a wire screen of not more than $\frac{1}{2}$ -inch mesh securely attached to the under side. Open areaways shall not project beyond the lot line.

SECT. 22. Frame Buildings Within the Fire Limits. No frame buildings hereafter erected or altered shall exceed two stories or 30 feet in height, except that houses designed for private occupancy exclusively, may be three stories or 40 feet in height.

No frame building hereafter erected for any occupancy other than grain elevators, coal elevators and coal pockets, ice houses and exhibition buildings, shall cover a ground area exceeding the following: One-story building 7,500 square feet, two-story building 5,000 square feet.

In no case shall a frame building be erected within 5 feet of the side or rear lot line, nor within 10 feet of another building, unless the space between the studs on such side be filled solidly with not less than $2\frac{1}{2}$ inches of brickwork or other equivalent incombustible material, or unless the outer walls are covered on both sides with metal lath and stucco.

In rows of frame houses the dividing walls or partitions between houses shall be built of brick, hollow tile, concrete or other incombustible material; or they may be built with 4-inch studs, filled solidly with brickwork laid in mortar, or other incombustible material and be covered with metal lath and plaster. Such dividing partitions shall rest on masonry

walls and shall extend to under side of roof boards. A flush mortar joint shall be made between the roof boards and the wall or partition. In rows of more than three houses every alternate division wall or partition shall be constructed of solid brickwork not less than 8 inches in thickness.

Buildings with wooden framework clad with sheet metal or stucco or veneered with brick, shall be classed as frame buildings.

SECT. 23. Electrical Installations Within the Fire Limits. All electrical installations shall be in accordance with the National Electrical Code, and no installation of electrical equipment shall be made, except in conformity thereto.

SECT. 24. Chimneys Within the Fire Limits. The smoke flue of every high pressure steam boiler, hereafter erected, and every appliance producing a corresponding temperature in a flue, if built of brick, stone, reinforced concrete or other approved masonry, shall have walls not less than 12 inches thick, and the inside 4 inches of such wall shall be fire brick, laid in fire mortar, for a distance of at least 25 feet from the point where the smoke connection of the boiler enters the flue.

Metal smokestacks may be permitted for boilers, furnaces and similar apparatus, where large hot fires are used, provided they have a clearance from all combustible material of not less than one-half the diameter of the stack, but not less than 15 inches unless the combustible material be properly guarded by loose-fitting metal shields, in which case the distance shall be not less than 12 inches. Where such stack passes through a combustible roof, it shall be guarded by a galvanized iron ventilating thimble extending from at least 9 inches below the under side of the ceiling or roof beams, to at least 9 inches above the roof, and the diameter of the ventilating thimble shall be not less than 36 inches greater than that of the smokestack. Metal smokestacks shall not be permitted to pass through floors.

SECT. 25. Chimney for Low Temperature Appliances Within the Fire Limits. All chimneys, hereafter erected within the corporate limits, shall be built of brick, or other fireproof, incombustible material, and in no case shall rest upon any flooring without a footing of masonry or iron supported by iron beams, having a secure bearing of masonry or iron at either end. All chimneys shall be constructed with either 8-inch brick walls or with 4-inch brickwork and a terra-cotta flue lining set in cement. Brick chimneys shall be smoothly plastered with mortar on the outside below the roofing. In no case shall a nail be driven into the masonry or any flue. All flues shall be guarded by either a double collar of metal or a recess, leaving two inches of space around the flue. No drain pipe or earthenware of any description shall be used for horizontal flues but all flues of this kind shall be made of iron pipe laid in brick and mortar, or a double galvanized iron pipe, the air space between the pipes to be not less than two inches. All flues shall be topped out at least four feet above a flat roof and two feet above the ridge of a pitched roof building

and all chimneys shall be covered with a cap of metal, concrete, or stone properly secured. No soft brick shall be used on the exterior above the roof or on the interior within four feet of the roofing in the construction of chimneys. No smoke-pipe or flue shall project through an external wall or through any window, door, or other opening in said wall, and no stove funnel shall project through any partition or floor unless the same is safely and securely surrounded by brick or stonework. Hearths or fireplaces or grates shall not be less than eight inches thick and shall be laid upon brick or other trimmed arches, or upon bars of iron supporting a bed of brickwork.

All funnel receivers shall be built into the chimneys at the time of their construction. All chimneys shall have at their base an ash door, or some opening sufficient to enable them to be readily cleaned. If any existing or hereafter erected chimney, flue, or other heating apparatus shall be dangerous or unsafe, the Inspector shall at once notify, in writing, the owner, agent, or other party having an interest in said premises, and shall require him to make the same safe immediately. All woodwork shall be kept away at least two inches from any chimney.

No building shall be hereafter erected in which chimneys, boilers, or heating apparatus of any kind are used, or are to be erected and maintained, nor shall any alterations be made in chimneys or flues already erected, without notice to the Inspector before such changes or alterations are commenced, and this provision shall apply to all buildings raised, moved, or built upon.

SECT. 26. Hot Air Pipes. No woodwork shall be placed at a less distance than one inch from any tin or other metal flue, or flues, pipe or pipes, used or intended to be used to convey heated air in any building unless protected by a metal or earthen casing so constructed as to permit the free circulation of air around said flues or pipes.

Cold-air ducts for hot-air furnaces shall be made of incombustible material.

SECT. 27. Steam and Hot Water Pipes. No unprotected steam or hot water pipe shall be within 1 inch of any woodwork. Every steam or hot water pipe passing through combustible floors, or ceilings, or wooden lath and plaster partitions, shall be protected by a metal tube, and be provided with a metal cap. All wooden boxes, or casings enclosing steam or hot water heating pipes, or wooden covers to recesses in walls in which steam or hot water heating pipes are placed, shall be lined with metal.

SECT. 28. Dry Rooms Within the Fire Limits. No combustible material shall be permitted in the construction of any dry room hereafter erected, in which a temperature of 125 degrees Fahrenheit or over may exist. If a temperature under 125 degrees Fahrenheit is to be used, the dry room may be constructed of wood, but it shall be lined throughout with $\frac{1}{8}$ -inch asbestos, covered with sheet metal.

If windows are placed in walls or ceilings of dry rooms they shall be of wired glass set in fixed incombustible sash and frames.

SECT. 29. Stoves and Ranges Within the Fire Limits. Hotel and restaurant ranges shall be provided with a metal hood, placed at least 9 inches below any wooden lath and plaster or wooden ceiling, and have an individual pipe outlet connected with a good brick flue. The pipe shall be protected by at least one inch of asbestos covering, or its equivalent.

Combustible floors under coal ranges and similar appliances without legs, such as mentioned in Section 30 in which hot fires are maintained, shall rest upon 6-inch foundations built of incombustible materials supported within the thickness of the floor framing. Such hearths shall extend at least 24 inches in front and 12 inches on the sides and back of the range or similar heating appliance.

SECT. 30. Heating Furnaces and Appliances Within the Fire Limits. Any woodwork, wooden lath and plaster partition or ceiling within 4 feet of the sides or back, or 6 feet from the front of any heating boiler, furnace, bakery oven, coffee roaster, fire-heated candy kettle, laundry stove or other similar appliance shall be covered with metal to a height of at least 4 feet above the floor. This covering shall extend the full length of the boiler, furnace, or heating appliance, and to at least 5 feet in front of it. Metal shields shall be loosely attached, thus preserving an air space behind them. In no case shall such combustible construction be permitted within 2 feet of the sides or back of the heating appliance, or 5 feet in front of same.

No furnace, boiler, range, or other heating appliance, shall be placed against a wall furred with wood.

Heating boilers shall be encased on sides and top by an incombustible protective covering not less than $1\frac{1}{2}$ inches thick.

SECT. 31. Open Flame Heating Devices Within Fire Limits. All gas, gasoline, oil, or charcoal burning stoves or heating devices, shall be placed on iron stands at least 6 inches above combustible supports, unless the burners are at least 5 inches above the base with metal guard plates 4 inches below the burners.

No open flame heating or lighting devices shall be used in any room where gasoline or other volatile inflammable fluids are stored or handled.

SECT. 32. Gas Connections Within the Fire Limits. Gas connections to stoves and similar heating devices shall be made by rigid metal pipes. For small portable gas heating devices, flexible metal or rubber tubing may be used when there is no valve or other shut-off on the device.

SECT. 33. Vent Flues Within the Fire Limits. Vent flues or ducts, for the removal of foul or vitiated air, in which the temperature of the air cannot exceed that of the rooms, shall be constructed of metal or other incombustible material, and shall not be nearer than one inch to any woodwork, and no such flue shall be used for any other purpose.

SECT. 34. Safety of Design Within the Fire Limits. All parts of every building shall be designed to safely carry the loads to be imposed thereon, and shall in all other respects conform to good engineering practice.

SECT. 35. Regulations Within the Fire Limits. No persons shall hereafter set up or cause to be set up or use any steam, gas, naphtha, gasoline, or other engine, or vulcanizing plant or dry cleansing equipment, in any building within the fire limits of the city without written consent of the building inspector, to be first had and obtained after a hearing of all parties in interest duly notified by public notice posted on the public notice board at the city hall at least seven days before the date of hearing, and by a further notice given to or left at the last and usual place of abode of the owners or occupants of land adjoining the premises where license is asked under this section. In all cases where said building inspector shall give such written consent, he shall cause the petition and evidence of notice and all such written consent to be filed with the city clerk, who shall keep the same on file. In all cases where said building inspector shall refuse or neglect to give his written consent, any party interested in the matter may petition the board of mayor and aldermen for such consent and shall set forth in his petition that he has applied to the building inspector for such consent which has not been granted. The board of mayor and aldermen shall thereupon order a hearing, giving not less than seven days' notice, and upon such hearing or adjournment thereof, shall grant or refuse such consent, as they may deem proper.

SECT. 36. No permit shall be granted by the building inspector for the erection or remodeling of a building to be used as a public garage, steam mill, furnace, foundry, blacksmith's shop, vulcanizing plant or dry cleansing equipment, or house for storing powder until the owner has filed with the building inspector a written certificate stating that the owner has received a license therefor from the board of mayor and aldermen, and no building already erected shall be used or occupied for any of the above-named purposes unless a license to so use or occupy has been granted by the board of mayor and aldermen; and the building inspector shall have power to order such changes in existing buildings used for the above-named purposes as he may deem necessary.

SECT. 37. Within the Fire Limits. No person shall hereafter erect or build, or cause to be erected or built, any buildings for the aforesaid purposes, until he has presented to the board of mayor and aldermen a petition therefore; setting out the proposed situation of such public garage, steam mill, furnace, foundry, blacksmith shop, vulcanizing or dry cleansing establishment, the materials of which the same are to be built, the dimensions, height, and number of stories of the proposed building, the situation of all boilers therein, the manner in which the same are to be secured or set, the height of the chimney, and the various branches of

business to be carried on or proposed to be carried on in said building, and having first obtained a license therefor.

SECT. 38. Storage of Gunpowder or Dynamite. No person shall erect, or cause to be erected or built within the city, any building for the storage of dynamite or gunpowder, in quantities of over twenty-five pounds weight, nor use or permit to be used or occupied any building for such purpose, unless in a building situated more than sixty rods from any dwelling house, public road, or place, and under a license from the board of mayor and aldermen.

SECT. 39. The board of mayor and aldermen may from time to time grant licenses, as provided in the preceding sections, to any person or persons petitioning therefore, and upon such conditions as they shall deem necessary.

SECT. 40. The city clerk shall record all such licenses granted as aforesaid, in a book to be kept for that purpose, and he shall receive therefor the sum of twenty-five cents, to be paid by the person to whom said license is granted.

SECT. 41. The building inspector shall have the authority to stop the construction of any building, or the making of any alterations or repairs of any building, within the city, when the same is being done in a reckless or careless manner, or in violation of any ordinance of this city, and to order, in writing or parole, any and all persons in any way or manner whatever engaged in so constructing, altering, or repairing any such building, to stop and desist therefrom; and to have the authority, if they find any building or part thereof in an unsafe condition and so that said unsafe condition may be averted by the immediate application of precautionary measures, to cause such precautionary measures to be taken, all work necessary to render said building or any part thereof safe to be done after having served written notice upon the owner, lessee, occupant, or agent of said building personally. Following any order of the building inspector made under the provision of this section, any party interested may petition the mayor to have the questions raised by such order heard and determined by the board of aldermen. Upon receipt of such petition the mayor shall notify all parties interested to appear and be heard either at the next regular meeting of the board of aldermen or at a special meeting which the mayor may call for that purpose.

SECT. 42. Temporary observation stands, booth, and platforms may be erected within the fire limits upon permits issued by the building inspector.

SECT. 43. Duties of Enforcing Officer. The building Inspector is hereby authorized and empowered:

First: To enforce all ordinances relating to the construction, equipment, management and condition of all property within the corporate limits.

Second: To supervise the construction or reconstruction of all buildings.

Third: When called upon to report to the Mayor and Board of Aldermen regarding the condition of the city on all matters pertaining hereto.

SECT. 44. Penalty for Violations. Any and all persons who shall violate any of the provisions of this ordinance or fail to comply therewith, or who shall violate or fail to comply with any order or regulation made thereunder, or who shall build in violation of any detailed statement of specifications or plans submitted and approved thereunder, or any certificate or permit issued thereunder shall severally for each and every such violation and non-compliance respectively, forfeit and pay a penalty in the sum of twenty-five dollars. The imposition of one penalty for any violation of this ordinance shall not excuse the violation, or permit it to continue; and all such persons shall be required to correct or remedy such violations or defects within a reasonable time; and when not otherwise specified, each ten days that prohibited conditions are maintained shall constitute a separate offense.

The application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions, as provided in Section 2 of this ordinance.

SECT. 45. Conflicting Ordinances Repealed. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

SECT. 46. Date of Effect. This ordinance shall take effect and be in force from and after its passage, and legal publication.

GARAGES WITHIN THE FIRE LIMITS

SECTION 1. The word "garage" wherever occurring in this Code shall mean a building or any part thereof, in which there shall be housed or kept one or more self-propelled vehicles, or automobiles, containing inflammable liquid for fuel or power. The plans for every garage shall be filed in duplicate with the building inspector and shall be approved by him before any use of the garage as such.

SECT. 2. For the purposes of this ordinance garages are classed as follows:

Class A—Private Garages.

Class B—Public Garages.

SECT. 3. Class A: A private garage is one in which there shall be housed or kept not more than four self-propelled vehicles, or automobiles. The following regulations shall govern the construction and maintenance of all private garages:

(a) Gasoline in excess of 5 gallons, exclusive of that in the tanks, or vehicles in storage, shall not be kept within any private garage. That quantity or less shall be kept only in a 5-gallon can approved by the building inspector, and any quantity in excess of 5 gallons shall be kept

NOTE.—To insure a standard quality of construction, it is suggested that all fire doors, windows, shutters, and similar devices required by the provisions of this ordinance, shall be of a manufacture which has been tested and approved by the Underwriters' Laboratories.

only in a tank or tanks placed not less than 3 feet beneath the surface of the ground and approved by the building inspector.

(b) No private garage shall hereafter be erected or used as such nearer than 15 feet to any church, school, or other public building unless the same be constructed of brick, concrete or other non-combustible material, when the same may be erected or used if not nearer than 10 feet to any church, school, or other public building.

(c) Private garages, for the shelter of not more than four self-propelled vehicles or automobiles, shall be subject to the following regulations:

1. Barns, stables, sheds or other buildings already standing may be utilized for private use only without the necessity of securing a permit. Except that in case of any alterations being required to so use the building or buildings, permit shall be secured as provided for in the following section.

2. For the erection of a private garage plans shall be filed in duplicate with the Building Inspector and be subject to his approval before work is commenced. Notice shall be given to, or left at the last and usual place of abode of all abutting property owners, by the owner or owners of the property where the permit for erection of any private garage is sought, and a copy of said notice be posted on the public bulletin board in the City Hall. Such notice shall be given or left at least seven days in advance of a hearing to be held on the premises. Said date to be set by the Building Inspector. At said hearing all persons notified may be present and heard. If no objection is raised to location of proposed private garage or type of construction, the Building Inspector shall issue a permit for its construction. If objections are raised by the owner or owners of any abutting property, the Building Inspector shall not issue a permit but shall refer the matter to the Mayor and Board of Aldermen who shall then proceed in the same manner as specified in Section relating to public garages.

SECT. 4. A private garage may be located beneath a dwelling, provided the following regulations as to its construction are rigidly complied with:

(a) The floor and ceiling construction above the garage when it is located beneath the building, or the roof when the garage is attached to the building, shall be unpierced and shall have a fire-resistance of one hour based upon the Standard Specifications for Fire Tests of Materials and Construction.

(b) Walls and partitions shall be of such construction as will meet requirements of the one-hour test as above specified.

NOTE.—A minimum type of floor and ceiling construction which it is believed will meet the requirements of the specified test would be constructed as follows:

Two-inch floor joists spaced on not less than 16 inch centers and properly bridged. Overhead flooring double, of seven-eighths inch rough and finished floor boards with a layer of asbestos floor felt between. Ceiling of heavy metal lath and Portland cement

(c) All doors and windows with their sash and frames shall be of standard fireproof construction and glazed with wired glass.

(d) Openings from dwellings into garage shall be restricted to a single doorway; such openings shall be protected by a standard swinging self-closing fire door with approved fire-resistive frame and hardware. No glass shall be permitted in such door.

(e) When doorway connects directly with a cellar or basement on the same lower level in which there is any heating device or gas fixture, it shall have a sill raised at least one foot above the garage floor level; or the doorway shall lead into a vestibule from which a second door connects with the cellar or basement.

(f) Garage floor shall be of concrete or equal fire-resistive and impervious material and shall have a slope sufficient to permit natural drainage of gasses, oil and water to the outside.

(g) There shall be no stove or forge in any private garage except in a heating room thereof, which heat-room shall be separated from every other part of the garage by partitions having one-hour fire resistance fitted tightly to floor and ceiling.

(h) There shall be no pit in any floor.

SECT. 5. Class B. A public garage is any garage not included in Class A. No public garage shall be constructed, or maintained or used as such until a permit therefor has been granted by the Building Inspector. The following regulations shall govern the construction of and maintenance of all public garages:

(a) No public garage shall be located or maintained within 50 feet of any school, place of assemblage or place of detention.

(b) Hereafter no permit for the maintenance of a public garage, in the prescribed area, in any frame building or in any building used in part as a dwelling shall be granted.

or gypsum plaster not less than three-fourths inch thick. The metal lath to be attached to the joists by 6 penny nails driven nearly home and heads turned over against the lath, also by strands of No. 8 annealed wire looped over each third joist engaging the lath at bottom of joist and twisted to place. These loops to be spaced at intervals of 2 feet along the joists. The lath to be bent down 6 inches along the walls on all sides and securely attached to same.

For walls and partitions any construction meeting the test qualifications should be approved. In absence of test records proving that less thickness of material may be employed the following may be accepted: Brick, hollow tile, concrete block or gypsum block, 4 inches thick, or reinforced concrete 3 inches thick. The foregoing incombustible constructions are recommended.

The minimum construction meeting the requirements for walls would be a back-plastered Portland cement stucco on heavy metal lath attached to wooden studs spaced on 16 inch centers with metal lath and three-fourths inch Portland cement or gypsum plaster on the inside surface.

For partitions, three-fourths inch Portland cement or gypsum plaster on metal lath on each side of stud construction as above specified may be accepted as fulfilling the requirement.

SECT. 6. All public garages hereafter erected within the fire limits shall have enclosing walls of masonry, concrete or reinforced concrete. Every window exposing any building within 50 feet shall have a standard metal frame and sash glazed with wired glass. All elevators, stairways and ramps shall be enclosed with fire-resistive material and every opening in such elevators, or stairway enclosure protected by automatic fire door.

Exposed steel work shall be permitted in roof supports only. All floors shall be of fire-resistive construction with an impervious surface and designed to carry safely the loads imposed. Wooden roof or floor support shall be of mill type, or of built-up truss construction with no wooden members less than 2 x 8 inches (nominal size) in minimum dimension.

A garage exceeding 50 cars storage capacity on any one floor and with unprotected steel or wooden roof supports or wooden floor supports shall be protected by an automatic sprinkler system.

SECT. 7. No pits shall be permitted. No room used for storage shall be permitted below a grade which will prevent natural ventilation at the floor level.

SECT. 8. (a) All storage of gasoline shall be in underground tanks; provided, however, that there may be in each garage one or more approved portable wheeled tanks, each of a capacity not exceeding sixty gallons, to be used for transferring such liquid from the storage tank; the number of these wheeled tanks shall be fixed for each garage by the Chief of the Fire Department and the Building Inspector. The reservoirs of motor vehicles shall be filled directly through hose from pumps attached to such portable tanks, or by hose coupled to permanent filling stations connected with the main storage tanks. No transfer of gasoline in any garage shall be made in any open container. Hose for use in connection with the filling station or with the portable tank shall be of such design and material as to prevent leakage.

(b) Storage tanks for gasoline shall be buried at such points as shall be directed by the Chief of the Fire Department and by the Building Inspector. The top of each tank shall be at least three feet below the surface of the ground and below the level of the lowest pipe in the building to be supplied. Tanks may be permitted underneath a building, if buried at least three feet below the lowest floor. Tanks shall be set on firm foundations and shall be surrounded by soft earth or sand well tamped into place, or encased in concrete. A tank may have a test well, provided it extends to near the bottom of tank and its top shall be hermetically sealed and locked, except when necessarily open. When a tank is located underneath a building its test well shall extend above source of supply. The limit of tank storage capacity permitted shall depend upon the location of tanks with respect to the building to be supplied and adjacent buildings, as follows:

(1) Unlimited capacity if lower than any floor, basement, cellar or pit in any building within a radius of fifty feet.

(2) 20,000 gallons total capacity if lower than any floor, basement, cellar or pit in any building within a radius of thirty feet.

(3) 5,000 gallons total capacity if lower than any floor, basement, cellar or pit in any building within a radius of twenty feet.

(4) 1,500 gallons total capacity if lower than any floor, basement, cellar or pit in any building within a radius of ten feet.

(5) 500 gallons if not lower than every floor, basement, cellar or pit in any building within a radius of ten feet, in which case it shall be entirely encased in six inches of concrete.

(c) Except existing tanks in good condition, all tanks below ground as permitted by this ordinance shall be made of basic open hearth steel or wrought iron of a minimum gauge, depending upon the capacity or size as given in the following table:

Capacity.	Minimum Thickness.
1 to 560 gallons	No. 14 BWG
560 to 1,100 gallons	No. 12 BWG
1,100 to 4,000 gallons	No. 7 BWG
4,000 to 10,500 gallons	$\frac{1}{4}$ inch
10,500 to 20,000 gallons	$\frac{5}{16}$ inch
20,000 to 30,000 gallons	$\frac{3}{8}$ inch

Tanks shall be riveted, welded or brazed and shall be soldered, caulked or otherwise made tight in a mechanical and workmanlike manner, and if to be used with a pressure discharge system shall safely sustain a hydrostatic test at least double the pressure to which each tank may be subjected. Top of each tank shall be securely fastened to top ring with joints of equal tightness to those between rings. Every tank shall be covered with asphaltum or other rust-preventing paint or coating. All pipe connections shall be made through flanges or reinforced metal, securely riveted, welded or bolted to tank and made thoroughly tight.

(d) All underground storage systems, in which the tank shall contain inflammable gasses, shall have at least a 1-inch vent pipe running from top of tank to a point outside of the building and acceptable to the Chief of the Fire Department and to the Building Inspector, and which shall end at least 12 feet above level of source of supply and in a location remote from fire escapes and never nearer than three feet, measured horizontally and vertically to any window or other opening; the tank vent pipe shall terminate in a gooseneck, protected at its outer end by a 30 x 30 mesh, or equivalent, brass wire screen, or by a combined vent and filling pipe, so equipped and located as to vent the tank at all times even during filling operations. The vent pipes from two or more tanks may be connected to one upright, provided they be so connected at a point at least one foot above level of source of supply.

(e) All drawing-off pipes terminating inside of any building shall have valves at the discharge ends.

(f) The end of the filling pipe for every underground storage tank shall be carried to an approved location outside of any building but not within 5 feet of any entrance door, or cellar opening, and shall be set in an approved metal box with cover, which shall be kept locked except during filling operations; this filling pipe shall be closed by a screw cap. A 30 x 30 mesh, or equivalent, brass screen strainer shall be placed in the supply end of the filling pipe.

(g) Liquids shall be drawn from tanks by pumps so constructed as to prevent leakage or waste splashing, or by some other system approved by the Chief of the Fire Department and by the Building Inspector with controlling apparatus and piping so arranged as to allow control of the amount of discharge and prevent leakage or discharge inside the building by any derangement of the system. When inside of a building, the pump or other drawing-off device shall be located on the grade floor, preferably near an entrance or other well-ventilated place.

SECT. 9. In no instance shall gasoline or other volatile or inflammable liquid be allowed to run upon the floor or to fall or pass into the drainage system of the premises. Self-closing metal cans shall be used for all oily waste or wasted oils.

SECT. 10. In every public garage two or more approved chemical fire extinguishers and four or more pails of sand shall be kept convenient for quick use in case of fire.

SECT. 11. Construction and maintenance of public garage outside the restricted area and used solely for shelter purposes may be allowed under the same provision prescribed in Section C—relating to private garages.

Passed Aug. 11, 1924.

AN ORDINANCE RELATING TO SHOWS AND EXHIBITIONS.

Be it ordained by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. No showman, tumbler, rope dancer, ventriloquist or other person shall, for pay, exhibit any feats of agility or horsemanship or sleight of hand, rope dancing, or feats of cards, or any animal, wax figures, puppets or other show, or shall perform or exhibit any theatrical representation in this city, nor give any musical performance or exhibition of singing or dancing or other exhibition or amusement of any kind with or without pay, unless a license or permit therefore in writing, specifying the time and object for which said license is granted, shall first be obtained from the mayor, city clerk, and city marshal who are hereby constituted a licensing board.

SECT. 2. Every such person shall pay such license for the use of the city, the following sums: For each circus or show where feats of agility, horsemanship, sleight of hand or rope dancing are performed and for menageries where wild beasts are exhibited, the sum of Fifty Dollars (\$50.00); for each troupe or company of minstrels or comedians, and for all other theatrical and dramatic exhibitions and for each panorama, mirror, stereoscopic, moving pictures or other views, the sum of One

Dollar (\$1.00), for each day exhibited or performed; for each and all other exhibitions, wrestling contests, or other shows the mayor, city clerk, and city marshal shall fix the sum to be paid for license fee as they deem best.

SECT. 3. Theaters or places of amusement of a permanent character may be licensed for a period of one year from the first day of May of each year for the following sums: for theaters or places of amusement of the seating capacity of one thousand (1000) or more, three hundred dollars (\$300.00) per year; of the seating capacity of five hundred (500) and under one thousand (1000), one hundred and fifty dollars (\$150.00) per year; of the seating capacity under five hundred (500), one hundred dollars (\$100.00) per year, and all of the aforesaid sums to be payable in advance. The license shall designate the location of said theater or place of amusement and shall not be transferable.

SECT. 4. If any person holding a license shall desire to transfer and carry on such business in other premises in said city than those designated in the original application and in the license, upon the making and filing of a new application said licensing board shall grant the same subject to the regulations and requirements as governed the original license.

SECT. 5. At any time after a license has been issued to any person the same may be revoked and cancelled by said licensing board, if the performance shall violate any of the public statutes or ordinances of the city, be conducted in a building which does not conform with the ordinances or regulations of the Board of Aldermen, or the place licensed be used for criminal or immoral purposes. Before any such license is revoked or cancelled, the holder shall be entitled to a hearing by said licensing board, and to five days' previous notice thereof in writing, except that licenses of a temporary character may be revoked at any time by said licensing board without notice, in their discretion.

SECT. 6. Any member of said licensing board, police officer or agent may enter upon the premises licensed under this ordinance at reasonable times to ascertain the manner in which said license is exercised and to preserve order.

SECT. 7. All licenses or revocation thereof under Section 3 of this ordinance shall be subject to ratification by the board of aldermen.

SECT. 8. All concerts, shows, exhibitions or performances originating in this city and of a purely local character for the benefit of any religious, social, educational, charitable or fraternal organization, shall be entitled to a license without any charge therefor.

SECT. 9. Any person violating any of the provisions of this ordinance shall be punished by a fine not exceeding twenty dollars (\$20.00).

SECT. 10. This ordinance shall take effect upon its passage, and all ordinances or parts of ordinances inconsistent herewith, are hereby repealed.

Passed January 12, 1925.

RESOLUTIONS.**RESOLUTION PROVIDING FOR PRINTING OF THE ROSTER OF THE CITY GOVERNMENT.**

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be instructed to prepare a roster of the present city government and cause copies to be printed, and that the expense of printing the same shall be charged to the account of printing and stationery.

Passed January 22, 1924.

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING FOUR HUNDRED THOUSAND DOLLARS (\$400,000).

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance is hereby authorized to borrow on the credit of the city the sum not to exceed four hundred thousand dollars (\$400,000) for expenses in anticipation of taxes for the municipal year 1924 and to issue notes of the city therefor upon such terms and for such amounts as the committee shall determine. The said loan to be payable from the taxes for the said municipal year and the said Committee on Finance is hereby authorized to refund all or any of the said notes at their maturity, provided, however, that the refunding notes shall be payable within one year after the date of the incurrence of the debt represented by the note or notes refunded.

Passed January 22, 1924.

RESOLUTION ASKING FOR SEALED PROPOSALS FOR PRINTING AND BINDING THE ANNUAL CITY REPORTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be, and hereby is instructed to ask for sealed proposals for printing and binding the city reports for the year 1923 and submit the same to the Finance Committee, who shall have full power to act in the matter.

Passed January 22, 1924.

RESOLUTION IN RELATION TO PAYING SALARIES, PAY-ROLLS AND RENTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be, and hereby is, authorized to draw his warrant on the city treasurer for the payment of all salaries, pay-rolls and rents as

the same shall become due during the present municipal term, and all bills so paid shall be laid before the Committee on Accounts and Claims at the next meeting.

Passed January 22, 1924.

RESOLUTION IN FAVOR OF MATTIE E. DREW.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of one hundred eighty-seven and 45-100 dollars (\$187.45) be, and the same is hereby, appropriated out of any money in the treasury not otherwise appropriated for the benefit of Mattie E. Drew.

Passed February 11, 1924.

RESOLUTION APPROPRIATING MONEY FOR PURCHASING A SEWER RIGHT FROM THE NEW HAMPSHIRE SPINNING MILLS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of three hundred dollars be and hereby is appropriated for the purchase from the New Hampshire Spinning Mills of a permanent right to maintain a sewer from East Canal street across the land and canal of the said New Hampshire Spinning Mills to the Contoocook River; said sum to be charged to the account of incidentals and land damages.

Passed February 11, 1924.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1923 ON NON-RESIDENT PROPERTY SOLD TO THE CITY IN 1920 FOR 1919 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of twenty-six cents (\$.26) be, and the same is hereby, appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1923 on non-resident property sold to the city in 1920 for 1919 taxes.

SECT. 2. This resolution shall take effect upon its passage.

Passed March 10, 1924.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1923 ON NON-RESIDENT PROPERTY SOLD TO THE CITY IN 1921 FOR 1920 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of one and 33-100 dollars (\$1.33) be, and the same is hereby, appropriated out of any money in the treasury not

otherwise appropriated, to pay taxes assessed in 1923 on non-resident property sold to the city in 1921 and 1920 taxes.

SECT. 2. This resolution shall take effect upon its passage.

Passed March 10, 1924.

RESOLUTION APPROPRIATING TWENTY-FIVE AND 42-100 DOLLARS (\$25.42) TO PAY FOR NON-RESIDENT REAL ESTATE SOLD TO THE CITY OF CONCORD FOR UNPAID TAXES FOR THE YEAR 1923.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twenty-five and 42-100 dollars (\$25.42) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay the amount due to the City of Concord for non-resident real estate purchased at the tax collector's sale of non-resident real estate for the unpaid taxes for the year 1923.

Passed March 10, 1924.

RESOLUTION PROVIDING FOR PRINTING FIVE HUNDRED COPIES OF THE BUILDING CODE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Building Code be, and hereby is, authorized to have printed five hundred copies of the Building Code and that the expense of printing the same shall be charged to the account of printing and stationery.

Passed March 10, 1924.

RESOLUTION AUTHORIZING THE FINANCE COMMITTEE TO ENGAGE THE SERVICES OF A CITY SERVICE ADVISOR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Finance Committee be and hereby is authorized to engage the services of Gaylord C. Cummings, City Service Advisor, for the purpose of planning and installing a new system of accounts and records in the various city departments at a total expense not exceeding two thousand five hundred dollars (\$2,500.00).

Passed March 10, 1924.

RESOLUTION TRANSFERRING FOURTEEN HUNDRED EIGHTY DOLLARS OF THE INCOME FROM THE EASTMAN LIBRARY FUND TO THE PRINCIPAL OF SAID FUND FOR THE LIBRARY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of fourteen hundred eighty dollars

(\$1,480.00) of the income from the Eastman Library Fund be, and hereby is, transferred to the principal of said fund for the Library.

SECT. 2. This resolution shall take effect upon its passage.

Passed March 10, 1924.

RESOLUTION TRANSFERRING THE BALANCE FROM PRECINCT WEST CONCORD
SEWER SINKING FUND TO THE GENERAL ACCOUNT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of thirty-five and 14-100 dollars (\$35.14), the balance due Precinct West Concord Sewer Sinking Fund, January 1, 1924, be, and hereby is, transferred to the general account of the city.

Passed April 14, 1924.

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE
RAISED FOR THE ENSUING FINANCIAL YEAR TO PAY THE OPERATING
DEFICIT EXISTING AT THE END OF THE FISCAL YEAR 1923.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. There shall be raised and there is hereby ordered to be raised, on the ratable estates within said city the sum of seventy-five thousand dollars (\$75,000) to pay for the operating deficit existing at the end of the fiscal year 1923 and the tax for this purpose shall be placed on the tax bills as a separate and distinct item.

Passed April 14, 1924.

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE
RAISED ON THE TAXABLE PROPERTY AND INHABITANTS WITHIN THE
LIMITS OF THE SEWERAGE PRECINCT FOR THE ENSUING FINANCIAL
YEAR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. There shall be raised, and there is hereby ordered to be raised, on the polls and ratable estates within the sewerage precinct of said city the sum of eighteen hundred seventy-five dollars (\$1,875.00) to defray the necessary expenses and charges of said precinct for the ensuing financial year, which shall be appropriated as follows:

For the payment of interest that may become due on precinct bonds, \$1,875.00.

SECT. 2. This resolution shall take effect upon its passage.

Passed April 14, 1924.

RESOLUTION FIXING AND DETERMINING THE AMOUNT OF MONEY TO BE
RAISED FOR THE ENSUING FINANCIAL YEAR FOR THE USE OF THE
CITY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. There shall be raised and there is hereby ordered to be raised on the polls and ratable estates within said city, the sum of three hundred twenty-five thousand dollar's (\$325,000) to defray the necessary expenses and charges of the city for the ensuing financial year, which together with the sums which may be raised by taxes on railroads and from other sources, shall be appropriated as follows:

There shall also be raised a sum equal to two dollars (\$2.00) for each child residing in the city who was enrolled in the public schools in the last preceding school year.

SECT. 3. This resolution shall take effect upon its passage.

Passed April 14, 1924.

RESOLUTION AUTHORIZING THE ISSUE OF \$70,000 SERIAL BONDS FOR THE PERMANENT IMPROVEMENT OF CITY STREETS, HIGHWAYS, SIDEWALKS, ETC.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That pursuant to the Municipal Bonds Act of 1895 and the Laws of 1917, Chapter 129, the city treasurer is hereby authorized and directed

to issue seventy thousand dollars (\$70,000) serial bonds of the City of Concord for the purpose of constructing public improvements of a permanent nature, consisting of the construction or reconstruction of streets and highways and sidewalks within the city and the construction of a building for the Highway Department. The said bonds shall be coupon bonds, shall be dated May 15, 1924, shall be paid in ten equal annual payments, the first payment to become due one year from the date of the bonds, and shall bear such rate of interest and shall be payable at such place as shall be fixed by the city treasurer. The proceeds derived from the sale of the said bonds shall be expended under the supervision of the Board of Public Works.

Passed May 2, 1924.

RESOLUTION AUTHORIZING THE MAYOR TO SIGN A QUITCLAIM DEED FOR
LAND SOLD TO THE CITY FOR TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be authorized to execute a quitclaim deed for lot No. 3513-B, Sheet 52, Engineer's Map, sold to the city for taxes at a cost to include all taxes and costs against said property.

Passed May 2, 1924.

RESOLUTION APPROPRIATING MONEY FOR AN AUTOMOBILE FOR THE POLICE
DEPARTMENT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of five hundred fifty dollars (\$550) be, and the same hereby is, appropriated for the purchase of an automobile for the use of the Police Department, the same to be charged to the incidental account of said department.

Passed May 12, 1924.

RESOLUTION AUTHORIZING THE MAYOR TO SIGN A QUITCLAIM DEED FOR
LAND SOLD TO THE CITY FOR TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the mayor be authorized to execute a quitclaim deed for lot No. 4514, Map D, Engineer's Map and lot 8068 on the Assessors' Map, sold to the city for taxes at a cost to include all taxes and costs against said property.

Passed May 12, 1924.

RESOLUTION PROVIDING FOR A DISCOUNT ON TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That a discount of two per cent (2%) shall be allowed on all taxes assessed for the year 1924, which are paid within ten days from the date of the tax bills.

Passed June 9, 1924.

RESOLUTION APPROPRIATING MONEY FOR THE BAND CONCERT HELD JULY 4, 1924.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of two hundred fifty dollars (\$250) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for the band concert held July 4, 1924.

Passed July 14, 1924.

RESOLUTION IN FAVOR OF FRANK J. KELLY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of one hundred ninety-nine dollars be and hereby is appropriated for the relief of Frank J. Kelly to reimburse him for services and expenses in connection with the funeral of one Gallagher who died as the result of injuries from being hit by a truck of the Police Department of the City of Concord while said truck was in the performance of the duties of said department. Said appropriation to be charged to the account of incidentals and land damages.

It is understood that the city by this appropriation does not admit any legal liability because of the injuries to or the death of the said Gallagher nor any legal liability to any person or persons growing out of same, but that this appropriation is for the relief of the said Kelly and not otherwise.

Passed July 14, 1924.

RESOLUTION RELATING TO THE ESTATE OF HORACE B. BARTLETT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city solicitor be authorized to co-operate with counsel for the estate of Horace B. Bartlett to the intent that the city may enjoy the full benefit of the residuary bequest made to the city in the will of the said Horace B. Bartlett.

Passed July 14, 1924.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1923 ON
REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1920 FOR 1919 TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of ninety-eight dollars and nine cents (\$98.09) be, and the same is hereby appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1923 on real estate sold to the city in 1920 for 1919 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of ninety-eight dollars and nine cents (\$98.09).

SECT. 3. This resolution shall take effect on its passage.

Passed July 14, 1924.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1923
ON REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1921 FOR 1920
TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of one hundred ninety-five and 49-100 dollars (\$195.49) be, and the same is hereby appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1923 on real estate sold to the city in 1921 for 1920 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes, said amount of one hundred ninety-five and 49-100 dollars (\$195.49).

SECT. 3. This resolution shall take effect on its passage.

Passed July 14, 1924.

RESOLUTION APPROPRIATING MONEY TO PAY TAXES ASSESSED IN 1923
ON REAL ESTATE SOLD TO THE CITY OF CONCORD IN 1922 FOR 1921
TAXES.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of three hundred eighty-eight and 38-100 dollars (\$388.38) be, and the same is hereby appropriated out of any money in the treasury not otherwise appropriated, to pay taxes assessed in 1923 on real estate sold to the city in 1922 for 1921 taxes.

SECT. 2. That the city treasurer is hereby authorized to pay to the collector of taxes said amount of three hundred eighty-eight and 38-100 dollars (\$388.38).

Resolved by the Board of Aldermen of the City of Concord, as follows:

In the election to be held Tuesday, November 4, 1924, the polls in the several wards of the City of Concord shall be opened at seven o'clock in the forenoon.

Passed October 13, 1924.

RESOLUTION APPROPRIATING THE SUM OF FIVE HUNDRED DOLLARS FOR LIGHTS, CITY HALL.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of five hundred dollars (\$500) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for lights, city hall.

Passed October 13, 1924.

RESOLUTION APPROPRIATING THE SUM OF TWELVE HUNDRED DOLLARS FOR CITY POOR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twelve hundred dollars (\$1,200) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for city poor.

Passed October 13, 1924.

RESOLUTION APPROPRIATING THE SUM OF TWELVE HUNDRED DOLLARS FOR PRINTING AND STATIONERY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twelve hundred dollars (\$1,200) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for printing and stationery.

Passed October 13, 1924.

RESOLUTION ACCEPTING THE GIFT OF THE MEMORIAL TO CAPTAIN EBENEZER EASTMAN.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the City accept the gift from the Eastman Association of the lot of land with the Concord Granite monument thereon erected in Ward 2 to the memory of Captain Ebenezer Eastman, the first settler in Concord, and further accept the conditions of the said gift as specified in the vote of the Eastman Association passed April 17, 1924, all as referred to in the offer of the committee for the Eastman Association dated October 6, 1924.

Passed October 13, 1924.

RESOLUTION APPROPRIATING MONEY FOR MAPLE GROVE CEMETERY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of seventy-five dollars (\$75.00) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for Maple Grove Cemetery.

Passed November 10, 1924.

RESOLUTION RECOMMENDING THE APPOINTMENT OF A BAIL COMMISSIONER.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Superior Court of Merrimack County be and hereby is petitioned to appoint Peter J. King of Concord, N. H., as a bail commissioner.

Passed November 10, 1924.

RESOLUTION APPROPRIATING MONEY TO REIMBURSE FRED A. LANE FOR TAXES ERRONEOUSLY ASSESSED IN 1923.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of twenty-six and 6-100 dollars (\$26.06) be, and the same hereby is, appropriated to reimburse Fred A. Lane for taxes erroneously assessed in the year 1923. Said sum to be charged to the account of incidentals and land damages.

Passed November 14, 1924.

RESOLUTION AUTHORIZING ALDERMAN WASHBURN TO PROCURE AN OPTION ON PROPERTY OWNED BY MRS. CALEB LITTLE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That a sum not to exceed ninety-nine dollars (\$99.00) be, and hereby is, appropriated to procure an option on a piece of property south of Ferry Street owned by Mrs. Caleb Little. Said sum to be expended by Alderman Washburn and charged to the account of incidentals and land damages.

Passed November 14, 1924.

RESOLUTION APPROPRIATING MONEY FOR SALARY, TAX COLLECTOR.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of seven hundred dollars (\$700) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated for salary, tax collector.

Passed December 8, 1924.

RESOLUTION APPROPRIATING MONEY FOR MUNICIPAL CHRISTMAS TREE.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of fifty dollars (\$50) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated for a municipal Christmas tree to be expended by a special committee to be appointed by the mayor.

Passed December 8, 1924.

RESOLUTION APPROPRIATING THE SUM OF TWO HUNDRED FIFTY-SIX AND
73-100 DOLLARS FOR PRINTING AND STATIONERY.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of two hundred fifty-six and 73-100 dollars (\$256.73) be, and the same hereby is, appropriated out of any money in the treasury not otherwise appropriated, for printing and stationery.

Passed December 8, 1924.

RESOLUTION APPROPRIATING MONEY TO INSTALL ELECTRIC LIGHTS AT
WHITE PARK.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the sum of three hundred dollars (\$300) be, and hereby is, appropriated to install three electric lights at White Park for the better lighting of the park for winter sports. Said sum to be charged to the account of incidentals and land damages.

Passed December 8, 1924.

RESOLUTION TRANSFERRING MONEY FROM THE APPROPRIATION FOR
PUBLIC LIBRARY TO THE PRINCIPAL OF THE EASTMAN LIBRARY FUND.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of fourteen hundred eighty dollars (\$1,480.00) of the appropriation for Public Library, be and hereby is, transferred to the principal of the Eastman Library Fund.

SECT. 2. This resolution shall take effect upon its passage.

Passed December 29, 1924.

RESOLUTION APPROPRIATING MONEY FOR DEFICIENCIES IN THE SEVERAL
DEPARTMENTS.

Resolved by the Board of Aldermen of the City of Concord, as follows:

SECTION 1. That the sum of twenty-three hundred ninety-three and 97-100 dollars (\$2,393.97) be, and hereby is, appropriated out of any money in the treasury not otherwise appropriated, to pay outstanding claims as follows:

City poor	\$37.77

Interest on bonds	1,562.50
Lighting streets	358.43

Old North Cemetery	\$0.37
Pine Grove Cemetery	21.47
Printing and stationery	155.11
Table garbage	214.22
White Park ball ground	27.18
	<hr/>
	\$2,393.97

SECT. 2. That there be transferred to the appropriation for garbage for the year 1924, the sum of two hundred eighty-one and 8-100 dollars (\$281.08), the same being the earnings of this department.

SECT. 3. That there be transferred to the appropriation for roads and bridges for the year 1924, the sum of eighty-six hundred twenty-one and 64-100 dollars (\$8,621.64), the same being the earnings of this department.

SECT. 4. That there be transferred to the appropriation for sewers for the year 1924, the sum of seven hundred eighteen and 32-100 dollars (\$718.32), the same being the earnings of this department.

SECT. 5. That there be transferred to the appropriation for sprinkling for the year 1924, the sum of two hundred twelve and 67-100 dollars (\$212.67), the same being the earnings of this department.

SECT. 6. That there be transferred to the appropriation for trees for the year 1924, the sum of one hundred thirty and 88-100 dollars (\$130.88), the same being the earnings of this department.

SECT. 7. This resolution shall take effect upon its passage.

Passed January 12, 1925.

RESOLUTION IN RELATION TO A TEMPORARY LOAN NOT EXCEEDING FOUR HUNDRED THOUSAND DOLLARS (\$400,000).

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the Committee on Finance is hereby authorized to borrow on the credit of the city the sum not to exceed four hundred thousand dollars (\$400,000), for expenses in anticipation of taxes for the municipal year 1925 and to issue notes of the city therefor upon such terms and for such amounts as the committee shall determine. The said loan is to be payable from the taxes for the said municipal year, and the said Committee on Finance is hereby authorized to refund all or any of the said notes at their maturity; provided, however, that the refunding notes shall be payable within one year after the date of the incurrence of the debt represented by the note or notes refunded.

Passed January 12, 1925.

RESOLUTION ASKING FOR SEALED PROPOSALS FOR PRINTING AND BINDING
THE ANNUAL CITY REPORT.

Resolved by the Board of Aldermen of the City of Concord, as follows:

That the city clerk be, and hereby is, instructed to ask for sealed proposals for printing and binding the City Reports for the year 1924 and submit the same to the Finance Committee, who shall have full power to act in the matter.

Passed January 12, 1925.

MAYORS OF CITY OF CONCORD.

The original charter of the city was adopted by the inhabitants March 10, 1853, and until 1880 the Mayor was elected annually. Since 1880 the Mayor has been elected for two years at each biennial election in November. Under the City Charter, adopted May 11, 1909, the Mayor was elected in December, 1910, for one year, and biennially thereafter in November, beginning in the year 1911.

REPORT OF THE BOARD OF EDUCATION.

To the Citizens of Union School District:

The only addition to the equipment of the district during the past year has resulted from the purchase, remodeling and equipment of our Practice House. In accordance with the vote of the district, that a house should be bought to provide accommodation for the Domestic Arts course, the house at 59 Warren Street, adjacent to the High School, was obtained and has been used during the school year. It has proved to be very practical and satisfactory. Excellent sewing and fitting rooms give the sewing classes an opportunity to work under the best conditions the district has ever provided. The kitchen and pantry are used by the cooking classes and meals are served in the dining room, while a laundry in the basement makes instruction in washing and ironing possible. Miss Wallace, the head of the department, lives at the house, paying rent to the district and has direct supervision of the property. Her office also is in the building.

The project has worked admirably, and the Board of Education feels that in view of the housing conditions which exist in the district, the purchase of this practice house was the best method to relieve the congestion in the High School. When the need for such a house shall have passed, it may easily be turned into offices for the district or because of its situation and the improvements which have been made it would find a ready market.

The Board of Education has been troubled for a long time over the problem of transportation. There is probably but one district in the state which has more territory to cover, or spends more money for the purpose. We have thirteen different routes, conveying 271 children. There are no conveyances to be had really suitable for the purpose. Those furnished locally are such only as are the left-overs from the now obsolete livery stable business. The wagons and

barges used as conveyances are so constructed as to leave the children when enroute without proper supervision, and in cold and rainy weather are so enclosed by curtains as to hide the children almost entirely throughout the trip.

We have for a long time felt that there was much in our transportation system that was not dignified, nor in keeping with Concord schools. There are standard barges which are used to a great extent throughout the country, which afford every possible safeguard to the health and morals of the children. We believe that possibly three such motor barges would take care of several of our routes at an expense not greater than the present. The mandate which involves the taking of no risks with the lives and health of our children rests heavily upon us. We have, therefore, inserted an article in the warrant under which appropriate action can be taken, and we hope the district will provide means to buy one or more standard motor vans for school purposes the coming year. We believe that such motor vans can be operated substantially the whole year,—certainly they could be so operated during an open season like the present one. If the operation of such as might be purchased now should prove successful, more could be provided at a later date. We unreservedly recommend such purchase for immediate use.

The time has arrived when Union School District should give some attention to the matter of pensions for its teachers. A large number of our teachers have given the district long and faithful service, and much of this service was given at a time when salaries were meager. There will be, before many years, several retirements from the ranks of the teaching force, and we feel that in no event will these teachers be able to retire into comfortable circumstances so far as their own savings are concerned.

In consequence, your Board desires the establishment of some appropriate pension system for the teachers of Union School District. That in Manchester, by a special enabling act of the Legislature, permits the city to appropriate money annually as a pension to such former teachers as are recom-

mended for the purpose, year by year, by the Board of Education. It is obvious that this method lacks that degree of security particularly desirable in such a matter. Another system, adopted in many places, embodies the payment on the part of the teachers into a common fund, which establishes in time a very substantial principal from which, upon retirement, teachers may receive a stated annual income. It is evident that by this system the teachers have their pensions created out of their own earnings, instead of receiving them as additions to their annual salaries, which is the method followed under the system first suggested.

If the idea of providing a so-called pension, which as applied to teachers is to be regarded only as deferred compensation for services actually rendered, finds favor with the district, we hope that such interest may be created in the matter as will result in devising and establishing a proper pension system, so-called, at an early date.

The most important matter facing the district is that of a new High School building. The High School, the Parker School, and the Penacook, Cogswell, Rumford and Chandler Schools are overcrowded. The High School, designed for 496, will next year have nearly 700 in attendance,—the Parker School, made to accommodate 180, has now 280, while the other grade schools mentioned are taking care of substantially twenty-five per cent more than good results will permit. We believe that the District well understands that the erection of a new High School building, and the transferring of the entire Junior High School to the present High School building, and the use of the Parker School to relieve congestion in the grade schools named south of Pleasant Street, is the only practical plan for the immediate future.

Such a plan was contemplated in the vote of the last annual meeting, authorizing the School Board to obtain an act from the Legislature enabling the district to incur such a debt as would be necessary for the carrying out of the undertaking suggested. This bill has been prepared, introduced into the Legislature, passed by it, and signed by the Gov-

ernor. Under its provisions, we shall have ample funds to acquire a site and erect and equip a building, paying for the same during such period less than forty years as may be agreed upon by the city and the district.

We therefore recommend that under the appropriate article in the warrant, a committee of citizens be appointed to act with the School Board or a committee thereof, and that to this joint committee authority be given to select a site, employ architects and with them plan a High School building to accommodate at least 1,000 pupils, and immediately to build and properly equip the same,—and as necessary for this purpose, that the district vote to raise and appropriate a sufficient sum.

Bearing upon the cost of such a proposition, the School Board has made only such investigation as was possible, without the expenditure of money. We believe that a building of the character suggested can be erected and equipped for approximately \$500,000. The additional cost of a site is problematical, depending obviously upon the amount of land taken, and the number and value of the buildings thereon. We make no suggestion herein as to the site,—that should be left to the committee appointed, or provided for at the annual meeting. There follows this report certain correspondence that is self-evident.

Respectfully submitted,

HARRY F. LAKE
DOROTHY B. JACKSON

Board of Education of Union School District.

CONCORD, N. H., February 11, 1925.

*Harry F. Lake, Esq., Chairman Board of Education, Concord,
New Hampshire:*

DEAR MR. LAKE: The cost of printing the annual city report is large. This document includes in full the reports of Union School District, and I find it is really a large part thereof.

In the interests of economy, we have asked all departments to make reports as brief as possible consistent with comprehensiveness. If it is possible for the usual school reports to be shortened without loss of value to the district, we should appreciate your efforts to this end.

WILLIS H. FLINT,
Chairman Finance Committee.

CONCORD, N. H., February 13, 1925.

Hon. Willis H. Flint, Concord, N. H.:

MY DEAR MAYOR FLINT: Your letter of February 11 is just at hand. The School Board will be mindful of your suggestions, and will endeavor to abbreviate as much as can reasonably be done the various reports. We are, of course, pleased to co-operate with you in this matter.

Very respectfully yours,

HARRY F. LAKE,
President Board of Education.

(5) For the payment of other statutory requirements,		
(6) For the general administration of the schools,		8,777.00
Total budget for 1925-1926,		299,841.66

REPORT OF THE SUPERINTENDENT.

To the Board of Education of Union School District:

The sixty-fifth annual report of the schools of this district and my own thirty-ninth report as superintendent is herewith submitted for your approval.

The prosperity of your schools for the last year has been definitely marked in many different ways. In the various lines of work improvement is noticeable that justifies the expense, the anxieties, the labor and the constant care that must always accompany its successful realization.

No system of education can progress in a broad way by simply considering local demands. It must be constructed and carried on with a knowledge of national and state requirements to make it a worth-while local institution.

As a national proposition public education is before the country in a constantly expanding form seeking to add support to our scheme of government and insure it an increasing power. This improvement is being sought by legislation that will strengthen national organization and reduce illiteracy.

Prominent among the many suggestions for improvement we find a growing desire for radical changes in the requirements of the secondary school curricula, changes that bear directly upon improving the manner of living the common life and these, I think, will be accomplished at no distant day. The following also are subject to the serious thought of educators: The testing of pupils for intelligence and achievement. The growth of the platoon method of conducting public schools. Providing for the advancement of superior children through amplified courses of study. Reorganization of the courses of study in history and geography. The expansion of domestic arts courses. More definite plans for looking after the health of the pupils. The expansion of musical organizations and definite credit for extra-curricula activities.

The matter of state educational activity is being closely and carefully managed so that the plan, which has placed New Hampshire in the front rank educationally, is being perfected and carried into effect by a capable corps of officials.

The work of our own schools in the various departments has been carefully planned and carried on to success. The course of study authorized by the state is followed as closely as possible, varied only by local demands that must be recognized.

Very definite results obtained from standardized tests show your schools to be in the superior class. In certain branches they are not surpassed in the country.

Probably the greatest hindrance to further improvement is the lack of room for the junior high schools, and for the elementary schools in certain sections.

We hope that the good judgment of the people of this city will cause the erection of a new high school building whose occupancy will furnish enough additional room to allow the proper expansion for the junior high schools and relief for crowded elementary grades for a long period of time.

PUPIL ENROLLMENT.

The peak of pupil enrollment was reached this year. There were many rooms crowded beyond reasonable working numbers. In the first semester it was found that there were fifteen rooms each with an enrollment of from forty to fifty pupils. With such handicaps standard work is out of the question.

These conditions forced the transfer of many pupils beyond the established lines for attendance at the various schools causing much inconvenience to parents, but they have met it with little complaint even in the most extreme cases. Extra help has been furnished for the Kimball, Cogswell, Walker and Harriet P. Dame primary grades.

The part of the district lying south of Pleasant Street suffers most from the lack of proper housing conditions.

All available rooms here are in use and a majority of them are overcrowded.

Complaint has been made by the people living in the vicinity of Hall Street about the distance the small children have to walk to reach the nearest school building, and the accompanying dangers from traffic. These complaints are well-founded and the difficulties should be obviated as soon as possible.

The efficiency of the work in the junior and the senior high schools is seriously impaired by a lack of room. This can be best relieved by the early erection of a new high school building on a lot with a much needed field for physical culture.

The transportation of pupils to the city schools still continues to be one of the district's great problems. Early in the year I called your attention to the need of better and safer facilities for carrying the children. This should be considered from two very serious viewpoints. The physical security and the moral uplift of the children. No risks should be taken with such things as these. They are not being realized to the fullest extent now. We need newer, safer, and more commodious vehicles with responsible drivers. There are now being carried 271 pupils by thirteen different routes.

SENIOR HIGH.

The attendance at this school has varied from 576 to 597. Probably about 675 pupils will be enrolled in the fall. During the year 134 pupils have graduated, 22 of whom entered college and 2, normal schools.

The record of tardinesses has improved. The various activities have been carried on much the same as in other years. A dramatic club has been formed that is a distinct addition to the extra-curricula activities. The Lyceum has entered the Interscholastic Debating League. A new arrangement for mathematics has been made that is expected to increase efficiency in this branch. The principal commends the efforts of the cadet teachers and notes

effective progress being made as well as a growing school spirit. Mr. Walker's work in behalf of the school is commendable.

JUNIOR HIGH SCHOOLS.

The junior high schools have functioned effectively as intermediate steps from the elementary to the senior high grades. When reasonable accommodations are furnished these schools by housing them for two years in one building, their efficiency, which is already proved, will be doubled.

THE ELEMENTARY SCHOOLS.

The substantial work of these grades is reflected in the advanced work of the grades following. The usual adjustments are being made to keep the grading up to the capacity of the pupils.

KINDERGARTENS.

The kindergartens have shown an increase in attendance, particularly in the Rumford and Dunklee Street schools. This department was an interesting feature of the school parade, the children showing attractively with their sun-bonnets and caps of rainbow colors. The assistants have been employed in helping out the primary grades in the afternoons. The work has been aided by parents and friends in making gifts and by the gradual introduction of the Hill Blocks. The supervisor and subordinate teachers have accomplished much.

THE MORRILL SCHOOL OF MECHANIC ARTS.

I beg leave to call your attention to the high standards attained by this school in all its lines of work. A department of book-binding was inaugurated last fall with the idea that it would prove its worth both financially and educationally. The eventual purpose is to rebind all of the books belonging to the district whenever needed.

The school was represented in the parade by an exact model of the building made at the school. It received much in favorable comment.

The equipment of this school is reasonably full. Its broad sphere of usefulness coupled with the fine work attained in the various departments are invaluable in educating boys along lines of proper living and in maintaining Concord's reputation for the best in public school work.

DOMESTIC ARTS.

This department has been reorganized since the last report. At the close of the spring term Miss B. Lillian Barker, for a number of years at the head of the sewing department and for one year supervisor of domestic arts, resigned. Her place was taken by Miss Grace I. Wallace who is working out a new plan. With skilled supervision there is no reason why this department should not equal any other of the kind in the state.

The practice house at 59 Warren Street, at which a great deal of the work in this branch is done, is a distinct addition to the school system. It contains a commodious pantry, kitchen, dining room, living room, and supervisor's office on the first floor, and a large room for sewing with cutting and fitting room adjacent, a bath room, and a chamber on the second floor. This chamber is rented by two teachers at a reasonable sum per week.

In the attic are two small unfinished chambers that may eventually be called into use.

In the basement is a boiler, heated by gas, providing heat for the entire house. In addition there is a large space for storage and laundry purposes.

The high school class had the furnishings and their arrangement as a project, and the girls of the domestic arts department with commendable spirit raised a sum of money to assist in equipping the kitchen. The sewing classes aided in making towels, curtains, and table linen. The design is to make this house a real home for the girls both in working and in leisure hours.

Sewing in grade five has been discontinued to allow classes K and L an hour a week each for taking up this work.

School lunches have been conducted along traditional lines. They seem to be giving good satisfaction.

I recommend: That the lunch rooms be made more attractive. That education in food selection be made prominent so that pupils may be directed toward the nutritious side of the lunch. That more sewing machines be furnished. That the course be made a full credit course the same as others.

This department starts out auspiciously. The instructors are apparently capable, earnest workers. The initial year of the supervisor promises a continuation of the success that has been evident.

MUSIC.

The district continues to be fortunate in retaining the services of Mr. Conant as director. The work of Miss Colburn has been confined to the lower grades where her efforts have been successful.

A new brass band of more than ordinary merit has been started in the High School with distinct success. We have now, outside of the school choruses, a brass band, an orchestra, a girls' glee club, and a boys' glee club in the High School; and a girls' glee club, a boys' glee club, and an orchestra in the Junior High School. Music has made decided advancement since the last report. Music Week was observed and many of Concord's best musicians under the direction of Mrs. Morrill gave their services to the schools with vocal and instrumental selections.

DRAWING.

Miss Helen C. Redfield resigned during the summer, and Mr. William P. Hopkins was chosen to fill her place. He also resigned in March.

A reorganization of the work is needed.

PHYSICAL EDUCATION.

Both Mr. Callahan and Miss Pease have not been working under the best conditions, but they have accomplished a great deal.

Outside of the various forms of strenuous athletics the work of Mr. Callahan has been confined to hygienic exercises with the pupils. There is improvement noticed in the general carriage of the pupils and in obedience to commands.

An extra half hour should be added to the session-time and devoted wholly to this work. It should be conducted upon a definite credit basis.

MEDICAL INSPECTION.

This work has been the subject of much thought during this year. The pupils are now given a physical examination once a year and are weighed and measured once each month. The work of Dr. Day is proving of great value in raising health standards. In this he has an able assistant in Mrs. Helen Y. Upham, R.N. The following statistics are of interest. Of 3,296 children weighed and measured, 522 were found to be below normal weight. This number was reduced 50 per cent in four months' time.

67,756 milk and cracker lunches were served last year, representing an increase of 15,283 over the year preceding.

New rules were formulated and put in practice to prevent contagion from colds and other communicable diseases.

SCHOOL PARADE.

A parade of all the public school children took place on Friday, June 13, 1924, in the forenoon. About 2,900 children were in line, all the various grades and departments being represented. The affair was so illuminating and well-ordered that it won the approval of everybody. The march was short, but countermarching on Main Street gave all the opportunity of seeing the entire line.

The parade was reviewed from the balcony of the Eagle Hotel by the Board of Education, Mayor Flint, Commissioner Butterfield and other distinguished citizens.

OBITUARY.

Miss Luella Anne Dickerman, a teacher for many years in our schools, died May 15, 1924.

Miss Dickerman received her elementary and secondary education in the public schools of this city, continuing her post-secondary education in various special schools.

Following her graduation from Concord High School she taught two years in Hooksett, N. H. Then she came directly to Concord schools where she was in service thirty-three years, the last seventeen of which were spent as principal of the Parker Junior High School.

Miss Dickerman's professional study was wide, varied, and thorough. It is a question whether any other teacher in the state at the time was better informed on professional matters and educational progress.

She taught at different times in summer schools and in 1915 received the degree of M.A. from Bates College.

As a lecturer on educational subjects her services were in frequent demand by many different organizations, her papers always being forceful, instructive and entertaining.

Miss Dickerman's contribution to the success of Concord's Schools cannot be adequately written. She exhibited in a high degree the many qualities that belong to a successful teacher. Her impress upon pupils was not

confined to the classroom. It extended far beyond, entering into the lives of her pupils abundantly, and acting upon their subsequent careers as a guiding star. The various manifestations of esteem by her former pupils during her final sickness paid just tribute to one of the strongest teachers I have ever known.

THE TEACHING FORCE.

One of the prime functions of successful school administration is to secure a competent teaching corps and keep their professional standing on a high plane. Everything else aside, the teaching force determines the success of any educational system.

I am confident that the teachers of our schools can measure up adequately to the standard of intelligence, energy, and general teaching ability that the modern school must have for successful work.

However this may be, no teacher nor any body of teachers can afford to rely upon past experience alone to meet the growing standards year by year. If we work with our eyes upon the traditions of the past, the school world will move on without our help and our knowledge.

The following tabulation gives a clear idea of the standing of Concord teachers with respect to their professional equipment:

The whole number of teachers who are graduates of colleges,	28
The whole number of teachers who are graduates of normal schools,	23
The whole number of teachers who are graduates of city training school,	65
The whole number of teachers who have attended summer schools during the last three years,	39

This shows that 28 per cent of the teachers have sought to improve their teaching ability by extra effort in the summer vacation in the last three years.

During this winter many of the teachers have taken the College Extension Course in psychology which was conducted by Harvard professors. Those who earned a full

certificate will be allowed to count it as an equivalent to attendance at a normal school for one summer.

The available sources for professional training here are quite unusual for a city of this size. The Dewey Normal Training School functions admirably in keeping up primary standards by furnishing trained teachers for the grades. There are now in the school eleven young ladies who promise success, two in the senior class and nine in the junior class. Probably from now on we shall have entering classes normal in size.

In addition to the training school we have two university graduates in teaching fellowships. Each has shown aptitude for teaching both in regular class work and in substitutions which cover the work of both the junior and the senior high schools. They have been under the immediate training and direction of Mr. Walker whose work has shown to advantage. This training is economical from every point of view.

Nevertheless, training and experience in regular positions wears itself out unless renewal occurs at reasonably frequent periods. Such periods are valuable not only for renewal and enlargement of one's professional equipment but for that which is just as valuable, the associations with fellow teachers from different parts of the Country.

The teachers are to be commended for faithful application that they have shown under many disheartening conditions. Without complaint they have exhibited commendable pride in trying to keep their schools up to former standards. No one appreciates this more than the superintendent and he gladly brings it to the attention of the committee and the public.

I feel very keenly, however, the importance of frequently reviving one's professional associations and the amplification of one's professional training. May I not ask that we all make extra effort to have Concord teachers one hundred per cent perfect in this respect.

I cannot close this report without acknowledging the

great assistance I have received from the Board of Education, the assistant superintendent, and the entire teaching corps. This co-operation has resulted in a distinct advance in school work.

Respectfully submitted,

L. J. RUNDLETT,
Superintendent.

REPORT OF THE ASSISTANT SUPERINTENDENT.

Mr. Louis J. Rundlett, Superintendent of Schools:

DEAR SIR: I am presenting herewith a brief summary of several educational activities for the past year together with a number of recommendations.

EVENING SCHOOL.

The enrollment in the evening school at the present time is sixteen. The school meets three evenings a week in the High School building. Mrs. Grace Putnam, who has been in charge of this work for a number of years, is, as usual, doing very excellent work.

The work of the evening school might be extended very profitably in three directions. First, classes for the express purpose of preparing our foreign born neighbors for taking out their citizenship papers should be offered. A special committee of the Chamber of Commerce has been working recently on the problem of naturalization. This committee has gathered information concerning the number of Concord residents who are not yet American citizens, and has found that there are a large number who do not know how to read, write or speak the English language. The public evening school seems to be the most available means through which this instruction can be given. Because of the activity of the Chamber of Commerce and other local organizations interested in this problem of naturalization, we are looking forward to a rather large increase in night school enrollment for the coming year.

The second direction in which evening school activities might be expanded is through the establishment of classes along the lines of the practical arts. The Morrill School and the new Practice House are buildings well adapted for this type of work. Short unit courses in mechanical

drawing, printing, applied physics, radio instruction, etc., could be offered to young men, while courses in cooking, sewing, dress making, etc., might be offered to young women at the Practice House.

As a third means of expansion, we recommend that subjects of high school grade be offered in the evening school. There have been several applications for work of this kind during the past two years by pupils who have left school before completing their high school work. This work could be made rather practical in nature along the lines of bookkeeping, typewriting, mathematics, English and history.

PROFESSIONAL IMPROVEMENT.

School teachers, as well as members of other professions, must keep abreast of the times. The science of education has made rapid advances during the last decade. The general public is demanding more and more that the teachers of its children be more than "quizzers." Witness the legislators passing laws demanding better qualified teachers; witness state and local boards raising the standard of professional training for those who are to engage in the teaching profession, and witness the consensus of opinion of the teachers themselves as exemplified in the slogan "A well-trained teacher for every school." During their summer sessions the normal schools and universities are crowded to capacity.

Our Concord teachers, as a group, are professionally inclined. Several of them have attended summer sessions at Harvard, Columbia or at normal schools. The financial cost of summer school attendance is not low, ranging from \$150-\$300, depending on the amount of work taken and the standard of living maintained. Yet it is a good investment for the public and the teacher.

In a city in a neighboring state, before the introduction of a junior high school system, thirty-six of the teachers attended summer school for the expressed purpose of studying the organization, best methods of instruction and other

problems connected with junior high schools. Is it any wonder that this city is winning rapid recognition for the excellency of its junior high school program?

During the present winter a course of twenty lectures in Educational Psychology has been given to the Concord teachers under the auspices of Boston and Harvard Universities. For those teachers who are unable to attend summer school this course is a valuable one. Sixty-eight of our teachers are enrolled and the majority of them are working for credit. We recommend that this type of work be continued during the next winter.

EDUCATIONAL AIMS AND OBJECTIVES.

Our Concord schools should have definite aims and objectives. Perhaps the best statement of aims yet formulated is that given by the committee appointed by the National Educational Association of Teachers. It is as follows: "The committee regards the following as the main objectives of education: (1) Health, (2) command of fundamental processes, (3) worthy home-membership, (4) vocation, (5) citizenship, (6) worthy use of leisure, (7) ethical character."

The Baltimore Survey Committee states that, due to the great diversion of public funds for education, there must be forthcoming dividends in terms of more intelligent and zealous participation in promoting the community welfare.

(1) There should result an improvement in individual health and community sanitation.

(2) There should be a more general control and a higher standard of command of the fundamental processes.

(3) The home should become a more satisfactory social institution through the contribution to its cultural activity of all its members.

(4) All citizens should be helped to find a vocation for which they are suited and in which they may find the joy of productive effort.

(5) A more critically responsive public opinion, a united

and determined general effort for a better community, and a greater willingness to contribute to the general welfare.

(6) The ever-increasing leisure time of great numbers of the population calls for the setting of higher standards of employment of leisure if it is to be an asset rather than a liability to the community.

(7) And finally, the supreme outcome of the community investment in secondary education must be the higher ethical character of the maturing boys and girls that they may perceive clearly their relations to their fellows and to the institutions with which they deal.

Is it too much to ask that future educational policies be determined by these objectives?

In conclusion I wish to express my appreciation of the co-operation of the teachers and of the helpful advice of the superintendent.

Respectfully submitted,

CHARLES W. WALKER,
Assistant Superintendent of Schools.

ANNUAL SCHOOL MEETING WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of Union School District in Concord, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Auditorium on Princee Street, in said district, on the ninth day of April, 1924, at 7.30 o'clock in the evening, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To hear and act upon the report of the Board of Education for the past year.
4. To choose three members of the Board of Education to hold office for three years, to fill the vacancies arising from the expiration of the term of office of W. Stanley Emery, Osma C. Morrill, and Charles Duncan.
5. To choose one or more auditors for the ensuing year.
6. To see what sum of money the district will raise and appropriate for the payment of the debts of the district.
7. To see what sum of money the district will raise and appropriate for the support of schools for the ensuing year.
8. To see if the District will authorize the School Board to secure from the Legislature at its next session an enabling act, empowering the District to issue necessary notes or bonds for the purpose of purchasing sites and erecting school buildings thereon, over and above the indebtedness now allowed by law.
9. To see if the District will raise and appropriate the sum of Eight Thousand Five Hundred dollars (\$8,500) to provide housing accommodations for the Domestic Arts classes of the High School.
10. To transact any other business that may legally come before said meeting.

Given under our hands this 20th day of March, 1924.

HARRY F. LAKE,
W. STANLEY EMERY,
OSMA C. MORRILL,
JOSEPH S. OTIS,
CARL H. FOSTER,

DOROTHY B. JACKSON,
CHARLES DUNCAN,
BENNETT BATCHELDER,
ELISABETH R. ELKINS,

Board of Education of Union School District.

RECORD OF ANNUAL MEETING, 1924.

In accordance with the foregoing warrant a meeting of the legal voters of Union School District was held at the City Auditorium in Concord, N. H. on Wednesday, April 9, 1924, at 7.30 p. m.

The moderator called the meeting to order and read the warrant.

ARTICLE 1. On motion of Harry F. Lake, duly seconded, the clerk was instructed to cast one ballot for Arthur P. Morrill as moderator of the District for the ensuing year, and he was declared unanimously elected and took the oath prescribed by law before Ray E. Burkett, Justice of the Peace.

ARTICLE 2. On motion of Earl F. Newton, duly seconded, the moderator was instructed to cast one ballot for Ray E. Burkett for clerk of the district for the ensuing year, and he was declared unanimously elected and took the oath prescribed by law before the moderator.

ARTICLE 3. On motion of Mr. John S. B. Davie, it was

Voted: That the report of the Board of Education, having been printed in the annual school report, the reading of the same be dispensed with, and that the report as printed be accepted and placed on file.

ARTICLE 4. On motion of Henry H. Metcalf it was unanimously

Voted: That the meeting proceed to vote for three members of the Board of Education to serve for three years, that the polls be kept open for the reception of ballots until 8.15 o'clock, and that the moderator appoint three tellers to sort and count the ballots.

The moderator appointed as tellers Dr. Edward S. Cummings, Mrs. Margaret C. Martin, and Mr. Walter F. Timlin.

At 8.15 o'clock the moderator declared the polls closed and announced the result of the ballot as follows:

Total number of ballots cast		410
Necessary for a choice		206
John B. Abbott	had	1
Amasa Tracy	"	1
W. Jameson	"	1
Dr. E. S. Sullivan	"	1
Charles Piper	"	1
Bertha Woodward	"	1
Fred Colton	"	1
May Streeter	"	1
Rev. Raymond Huse	"	1
H. H. Metcalf	"	1
Mrs. Sarah Willis	"	1

John Murray	had	5
Mrs. Grace P. Amsden	"	6
James M. Langley	"	36
Lillian Yeaton	"	39
W. Stanley Emery	"	364
Osma C. Morrill	"	364
Carlton R. Metcalf	"	390

and W. Stanley Emery, Osma C. Morrill and Carlton R. Metcalf were declared duly elected members of the Board of Education for a term of three years.

ARTICLE 5. On motion of Charles G. Remick, duly seconded, it was

Voted: That Henry H. Metcalf and John P. George be elected auditors of the district for the ensuing year.

ARTICLE 6. On motion of Joseph S. Otis, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District the sum of eighteen thousand six hundred sixty-five dollars (\$18,665), of which sum six thousand six hundred sixty-five dollars (\$6,665) shall be appropriated for the payment of the interest on its bonded indebtedness accruing during the year, and twelve thousand dollars (\$12,000) for the payment of the bonds of the district maturing respectively on May 1, 1924, July 1, 1924 and October 1, 1924.

ARTICLE 7. On motion of Carl H. Foster, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District for the support of the schools for the ensuing year such a sum as in addition to the sum required by law will amount to the sum of two hundred eighty-three thousand eight hundred eight and 37/100 dollars (\$283,808.37).

ARTICLE 8. On motion of Burns P. Hodgman, duly seconded, it was, after discussion,

Voted: That the Board of Education be authorized by Union School District to secure from the Legislature of 1925 an enabling act, empowering the District to issue necessary notes or bonds, not exceeding three hundred thousand dollars (\$300,000) above the present debt limit, for the purposes of purchasing a site or sites and erecting a school building or school buildings thereon, over and above the indebtedness now allowed by law.

ARTICLE 9. On motion of Dorothy B. Jackson, duly seconded, it was

Voted: That there be raised and is hereby ordered to be raised on the polls and ratable estates within Union School District, and appropriated for providing housing accommodations for the Domestic Arts Classes of the High School, the sum of eight thousand five hundred dollars (\$8,500).

ARTICLE 10. On motion of John P. George, duly seconded, it was

Voted: That there be published with each annual report a full statement of the financial affairs of the district, including the bonded indebtedness.

On motion of Mr. Foster the meeting adjourned.

A true record. Attest:

RAY E. BURKETT,
Clerk.

A true copy of the record. Attest:

REPORT OF THE BOARD OF WATER COMMISSIONERS.

CONCORD, N. H., March 30, 1925.

To the Mayor and Board of Aldermen of the City of Concord:

We hereby submit the annual report of the superintendent of the Water Works for the year ending December 31, 1924.

As usual the superintendent's report is in full detail, furnishing complete information of the condition of the Water Works at that date.

By the inspection of his report the public can get a full understanding of the excellent condition of the water supply and fine protection of the city.

The receipts are sufficient to meet the interest due annually on the bonds issued and to pay the amount of bonds coming due annually and to make all necessary extensions and repairs.

During the year the Board lost by death Melvin H. Towle, and Benjamin H. Orr was chosen to fill the vacancy.

Respectfully submitted,

NATHANIEL E. MARTIN,
HARRY H. DUDLEY,
FRANK P. QUIMBY,
BURNS P. HODGMAN,
JOHN B. ABBOTT,
GEORGE T. KENNEY,
CARLOS H. FOSTER,
BENJAMIN H. ORR,
WILLIS H. FLINT, *ex-officio*.
Board of Water Commissioners.

REPORT OF THE SUPERINTENDENT.

To the Board of Water Commissioners:

I herewith present to you the fifty-third annual report of the operations of this department, showing the receipts, expenditures and abatements, together with a statement of the extensions and improvements made during the year ending December 31, 1924.

EXTENSIONS AND IMPROVEMENTS.

Distribution pipes laid in 1924:

10-inch:

Pleasant Street from New Upper School, St. Paul's School,
to Old Saw Mill Road, 613 feet.

8-inch:

Old Saw Mill Road from Pleasant Street to Dunbarton
Road, 495 feet replacing 4-inch.

Dunbarton Road from Old Saw Mill Road to St. Paul's
School Farm House, 1,226 feet replacing 4-inch.

6-inch:

West Main Street, Penacook, extended south from Pine
Street, 1,371 feet.

Borough Road, west from West Main Street, 442 feet.

Merrimack Street, Penacook, 139 feet replacing 6-inch
cement-lined.

Kimball Street from Pillsbury to Allison Street, 403 feet;
63 feet of 1-inch discontinued.

Badger Street, extended south, 110 feet.

4-inch:

Jackson Street from Church to Highland Street, 266 feet;
175 feet of 1-inch discontinued.

2-inch:

East Borough Road, east from Penacook Road, 316 feet.

Highland Road, West Concord, west from North State Street, 250 feet replacing 1-inch.

Ferry Street from No. 30 to No. 36, 124 feet, replacing 1-inch.

Summit Street, south from Centre Street, 72 feet.

Auburn Street, connecting old 3-inch pipe with 14-inch main, 38 feet.

1 $\frac{1}{4}$ -inch: 85 feet.

1-inch: 167 feet.

On hydrant branches: 133 feet of 6-inch: 39 feet of 4-inch discontinued.

Total length of main and distribution pipes now in use, 389,944 feet or 73.85 miles.

Fourteen gates were added during the year; 3 were discontinued; total number now in use, 1,093.

Seven new hydrants have been set as follows:

Borough Road, northwest corner of West Main Street, Penacook.

West Main Street, west side at No. 68.

West Main Street, west side at No. 76.

Pleasant Street, St. Paul's School, southeast corner of Old Saw Mill Road.

Dunbarton Road, south side at St. Paul's School Tenement No. 6.

Dunbarton Road, north side, east of Coit House.

Dunbarton Road, north side, west of Coit House.

The hydrant on Dunbarton Road at St. Paul's School Farm was changed from 4-inch to 6-inch and the high service hydrant at Rumford Arms, North Main Street, from one steamer and two nozzles to four hose nozzles.

Total number of hydrants now in use, 482; private, 96.

Seventy-four services have been laid consisting of 1,430 feet of $\frac{3}{4}$ -inch, 421 feet of 1-inch and 74 feet of 2-inch pipe.

Twenty services were discontinued, nine permanently and eleven replaced by new ones.

Total number now in use, 4,092; length of service pipes, 97,252 feet or 18.41 miles.

One 6-inch high service connection for sprinkler service was made for Triesman Bros. and Diversi Co., and one 2-inch fire service for Coit House.

One hundred and forty services have been relaid and curb valves placed on 90 old services.

Ninety-nine new meters have been set and 5 have been removed. Total now in use, 2,937.

The fire service to Coit House and St. Paul's School Farm has been greatly improved by larger mains laid according to your agreement with St. Paul's School, that corporation bearing one-half the expense as the original pipes were of capacity sufficient for ordinary use.

More services were relaid than usual on account of the resurfacing of several streets by the department of public works. We are now discarding original hydrants in service since 1872 whenever they need repairs for others of more modern construction.

The buildings and lands of the department are in excellent condition and the wooden bridge across the outlet in the rear of the Garrison School has been replaced by a permanent structure of field stone which adds to the attractiveness of the surroundings.

We have replaced the Concord truck bought in 1916 and the Buick roadster bought in 1920 with machines of the same makes.

In accordance with your vote to install a second electric pump, a DeLaval pump has been purchased, same capacity as one now in use, with General Electric 100 H. P. motor, same style and type as present unit and the contracts have been placed with Concord Electric Co. for additional switchboard and Warren Foundry and Pipe Co. for necessary fittings for installation.

It is planned to put in the foundation very soon and the pump will be ready for use in the early spring.

Respectfully submitted,

PERCY R. SANDERS,
Superintendent.

REPORT OF ENGINEER AT PUMPING STATION.

PUMPING STATION, CONCORD WATER WORKS.

P. R. Sanders, Superintendent:

SIR: I would report that the pumping machinery at the pumping station, including boilers, is in good working condition.

Both steam pumps have been turned over every two weeks by high service pressure to see that they were in good working order.

1. Description of power:
 - a. Alternating, 3 phase, 60 cycles, 2,200 volts, 1,800 R. P. M.
 - b. Price per K. W. H., $\$0.01\frac{1}{3}$, 8 p. m. to 6 a. m.; maximum, \$1,800 per year, 300,000,000 gallons; \$6.00 per 1,000,000 gallons, over 300,000,000.
 2. K. W. H. used for year, 166,570.
 3. Total pumpage, by Venturi meter, 331,064,000 gallons.
 4. Average static head against which pump works, 90 feet.
 5. Average dynamic head against which pump works, 117.5 feet.
 6. Gallons pumped per K. W. H., 1,987.5.
 7. K. W. H. used per 1,000,000 gallons pumped, 503.
 8. Efficiency electric unit.
- $$\frac{331,064,000 \text{ (gallons pumped)} \times 8.34 \text{ (lbs.)} \times 117.5 \text{ (dynamic head)}}{166,570 \text{ (K. W. H.)} \times 33,000 \times 60 \times 1.34 \times} = 73.3\%$$
9. Total pumping for year, steam and electric pumps, 331,064,000 gallons.
 10. Cost of total pumping figured on pumping station expenses—\$4,004.08.
 11. Per million gallons pumped—\$12,093.
 12. Per million gallons raised one foot (dynamic)—\$0.101.

DISTRIBUTION.

MAINS.

1. Kind of pipe—cast iron and cement-lined.
2. Sizes—from two-inch to twenty-four-inch.
3. Extended—6,250 feet during year.
4. Relaid—feet during year.
5. Discontinued—2,511 feet during year.
6. Total now in use—73.85 miles.
7. Number of leaks per mile for year—
8. Length of pipes two inches and less diameter—3.59 miles.

9. Number of hydrants added during year—public, 7.
10. Number of hydrants now in use—public, 482; private, 96.
11. Number of stop gates added during year—11.
12. Number of stop gates now in use—1,093.
13. Number of stop gates smaller than four-inch—
14. Number of blow-off gates—81.
15. Range of pressure on mains at center of city—88 pounds high service and 48 pounds low service.

SERVICES.

16. Kind of pipe—cement-lined.
17. Sizes—three-fourths-inch to ten-inch.
18. Extended—1925 feet.
19. Discontinued—404 feet.
20. Total now in use—97,252 feet.
21. Number of service taps added during year—54.
22. Number now in use—4,092.
23. Average length of service—23.76.
24. Average cost of service for the year—
25. Number of meters added during year—94.
26. Number now in use—2,937.
27. Percentage of services metered—71.75.
28. Percentage of receipts from metered water—88.11.
29. Number of elevators added—none.
30. Number now in use—9.
31. Number of standpipes for street watering—44.

FIRE DEPARTMENT.

REPORT OF CHIEF ENGINEER.

To the Board of Aldermen:

In accordance with the requirements of the city ordinance, I herewith submit for your consideration the report of the Fire Department for the year 1924:

The department responded to 55 bell alarms and 362 still alarms.

In addition one fire entailing loss occurred for which no alarm was given, an account of which will be found in the order of occurrence.

	Bell.	Still.	No Alarm.	Total.
Precinct,	35	284	..	319
Penacook,	7	59	..	66
East Concord,	11	1	..	12
West Concord,	2	18	1	21
	—	—	—	—
	55	362	1	418

This report will be found to contain statements in detail embracing the amount of expenditures, and a complete roll of the department with residence and occupation of each member.

The number of alarms responded to by the department during the year exceeded all previous records and while the loss was heavy, a gratifying decrease becomes apparent, when compared with that sustained during the previous year. Three fires account for \$80,800 of the aggregate loss, namely, January 22, the Bartemus Grain elevator, \$62,000, June 13, the Mt. View buildings, East Concord, \$14,000, and the Potter buildings July 28, East Concord, \$4,800.

The apparatus is in good condition. One pair of wheels

on each of two combination cars, Cataract and Old Fort, were cut down and provided with new cord tires. A new fire alarm truck, a new hand-drawn 50-gal. tank, chemical engine for East Concord, an air compressor and two and one-half dozen service coats were purchased. The chief's car was repainted and two stalls added to the annex garage. All needed repairs on the precinct fire alarm system were attended to and two boxes were added to the Penacook system.

One man was added to the permanent force. The monthly inspection of buildings in the business section of the city is constantly proving by results that no mistake was made in adopting that policy.

I respectfully recommend the purchase of at least 1,000 feet of hose during the coming year. During the month of August I was privileged to attend the convention of the International Association of Fire Engineers, held at Buffalo, N. Y., a report of which I rendered at that time.

I wish again to thank your honorable body for the opportunity afforded me to learn.

Respectfully submitted,

W. C. GREEN,
Chief Engineer.

IN MEMORIAM

SYLVESTER T. FORD,
Assistant Engineer.
Died Jan. 6th, 1924.

APPARATUS AND FORCE.

The apparatus and force of the department is as follows:

Precinct, located at the Central Fire Station, one first-class Amoskeag engine, "Eagle," and one 750-gallon Ahrens-Fox motor-driven combination pumping engine and hose car, attached to Eagle Steam Fire Engine Company (15 men); one second-class Amoskeag engine, "Kearsarge," and auto-combination car, attached to the Kearsarge Steam Fire Engine Company (13 men); one second-class Amoskeag engine, "Governor Hill," relief engine, in charge of an engineer and fireman, one auto-combination car in charge of four permanent men; one motor-driven ladder truck, "City of Concord," attached to Hook and Ladder Company (21 men); one house man at Central Fire Station. There are twelve permanent men at the Central Fire Station, one permanent man at each other fire station within the precinct, one permanent man at Pioneer Station, Penacook, and one permanent man at Cataract Station, West Concord.

The Alert Hose Company (11 men), located on Washington Street, has an auto-combination car, with permanent man.

The Good Will Hose Company (11 men,) located on the corner of Concord and South State Streets, has an auto-combination car, with permanent man.

Veterans' Auxiliary Company (30 men).

One hand engine and three wagons and one ladder truck in reserve.

The "Pioneer" Engine Company, No. 3 (28 men), at Penacook, has a third-class Metropolitan engine, with two hose wagons and one auto-combination car with permanent man.

The Cataract Company (30 men), at West Concord, has a modern hose wagon and auto-combination car with permanent man.

Old Fort (30 men), East Concord, has a 4 1-2-inch cylinder Hunneman hand engine and hand ladder truck, and one hand-drawn chemical engine, 50-gallon, single tank, and one auto-combination car.

Dogs shot for killing sheep,	2
Dead taken from the river,	1
Accidental shooting (not fatal),	1
Lanterns placed in dangerous places,	11

Respectfully submitted,

GEO. A. S. KIMBALL,

City Marshal.

REPORT OF THE ENGINEERING DEPARTMENT.

CONCORD, N. H., December 31, 1924.

To the Board of Mayor and Aldermen:

GENTLEMEN: Herewith is submitted the thirty-second annual report of the Engineering Department.

FINANCIAL STATEMENT.

Appropriation,	\$5,850.00
----------------	------------

DISBURSEMENTS.

Paid engineer,	\$2,850.00	
Paid assistants,	2,519.66	
Incidentals,	477.64	5,847.30

Unexpended balance,	\$2.70
---------------------	--------

The work of construction and maintenance of the sewers are handled by this department for the Board of Public Works.

This department has done whatever work was asked of it by the several departments, committees and city government.

Your engineer has attended building hearings and accompanied the city government on their hearings as well as attended all meetings of the city government and board of public works.

All sewer connections were inspected and recorded.

Grade stakes were set for 6,239 feet of sidewalks.

Sidewalks grades were established for 2,405 feet.

Plans and blue prints were made when requested. The Assessors Maps were kept up to date. There were 704 transfers of property during the year.

STREETS LAID OUT.

Franklin Street extension, 320 feet.

Dunklee Street extension, 837.87 feet.

Total length of streets laid out, 1157.87 feet or 0.219 miles.

Total mileage of streets and roads, 174.149.

Total mileage in compact part of city, 46.769.

Total mileage in outlying portions of city, 127.38.

The employees of this department have made a new plan case 8' x 8' x 4' out of sheet rock; while this is not of fire proof construction, it will answer our requirements for a long time. It will be used for unfinished plans, building plans and plans of potential value.

Our dark room has been refitted and made ready for installation of an electrical blue printing outfit, should the city government see its way clear to purchase one. We hope our need along this line will be granted, as our present method of making prints is crude and very unsatisfactory.

The demands for assistance and information from this department are increasing daily and the past year has been the busiest one since I have been connected with the department.

We have handled practically every phase of municipal engineering for citizens and out of town people, as well as the city's work, all of which has been cheerfully done by the employees of this department who are, Mr. Edward E. Beane, assistant engineer, Mr. Joseph Clement, transitman and Miss Frances Ashley, clerk.

The demands for my personal time are so great that it is practically impossible for me to assist the men on surveys and mapping as I have heretofore done.

I deeply appreciate your courtesy in allowing me to attend the American Society of Municipal Improvements held in Boston, Mass., in September.

For the support and co-operation of your board, the heads of the several departments and the citizens of this city, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
City Engineer.

REPORT OF THE BOARD OF HYDRANT COMMISSIONERS.

CONCORD, N. H., December 31, 1924.

To the Board of Mayor and Aldermen:

GENTLEMEN: The nineteenth annual report of this board, for the year 1924, is herewith submitted.

On July 30, the full board met and recommended the installation of a high service, two hose and one steamer connection hydrant at corner of West Main Street and Borough Road; also two other hydrants of same type as above on West Main Street to be placed one third of the total distance from Pine Street to Borough Road. The above hydrants are in Ward 1.

Replace present hydrant on east side of North Main Street just south of Larkin's store to a four way hydrant.

On August 20, Messrs. Sanders and Lang met and recommended the following:

Install new hydrants at Saint Paul's School.

One three-way at southeast corner of Mill Road and discontinue road.

One three-way on south side of Dunbarton Road opposite Mill Road.

One three-way on east line main building of Orphan's Home on Dunbarton Road.

Move present hydrant to new location just east of west line of Orphan's Home building.

No other sessions were held during the year.

Respectfully submitted,

F. W. LANG,

PERCY R. SANDERS,

W. C. GREEN,

Board of Hydrant Commissioners.

REPORT OF THE BOARD OF EXAMINERS OF PLUMBERS.

CONCORD, N. H., December 31, 1924.

To the Board of Mayor and Aldermen:

GENTLEMEN: The twenty-fifth annual report of this board is herewith submitted.

The membership of the present board is as follows: Wilfred W. Brennan, an examined master plumber, Charles H. Cook, M.D., and Fred W. Lang, city engineer. Mr. Brennan is chairman of the board and Fred W. Lang, clerk.

Four applications for journeyman's license, and one for a master's license were received.

Five meetings of the board were held, all of the applicants were examined and four passed the required examinations; one failed to pass.

There are four classes of plumbers on the register. Registered master, examined master, registered journeyman, and examined journeyman.

The following paid for their 1924 license and are classified as follows:

REGISTERED MASTERS.

CASH RECEIPTS.

For licenses,	\$24.00
For examinations,	5.00
<hr/>	
Total receipts,	\$29.00
Paid out for stamps,	1.00

The clerk of the board holds receipts from the city treasurer for \$28.00.

Respectfully submitted,

WILFRED W. BRENNAN,
CHARLES H. COOK,
FRED W. LANG,

Board of Examiners of Plumbers.

REPORT OF THE BOARD OF PUBLIC WORKS.

REPORT OF THE HIGHWAY DEPARTMENT.

To the Board of Public Works:

The annual report for the year ending Dec. 31, 1924, is herewith presented.

The work of this department embraces the construction and maintenance of streets; the care of trees; the collection of garbage; the sprinkling of streets and the construction of sidewalks and bridges.

In the superintendent's office file a complete record of all purchases, expenditures and detailed costs is maintained for ready reference.

FINANCE.

Funds for the work have been received from two sources. All permanent work on streets, side walks and bridges was financed by bond issue. Maintenance of streets, the care of trees, collection of garbage, and sprinkling of streets were paid from the yearly budget.

APPROPRIATIONS.

	Appropriations.	Earnings.	Expended.
General maintenance,	\$150,000.00	\$8,623.72	\$158,621.64
Garbage,	22,000.00	283.15	22,281.08
Sprinkling,	8,000.00	213.97	8,212.67
Bond,	70,312.90	725.60	69,428.59
Trees,	4,500.00	131.92	4,630.88

CONSTRUCTION.

The Colburn Company's asphalt plant and roller were bought and after the necessary repairs are made we shall have a first class outfit.

Burnham Brook and Turkey River bridges were constructed of reinforced concrete and all tile pipe as they were broken were replaced with corrugated iron culvert pipe.

Depot, Freight and Hills Avenue were replaced with asphalt penetration.

A new shed has been built at City Stable's lot and the sum of \$17,546.55 has been expended for new sidewalks.

The surface between the car tracks from Blossom Hill Cemetery to West Street was relaid with "Modified Asphalt" as was the roadway from West Street to the Concord-Pembroke town line.

MAINTENANCE.

Bridges. In addition to the usual minor repairs it was necessary to rebuild the floor system of the Richardson Mill bridge jointly with the town of Pembroke. Bridges were painted, five of the most important being done this year.

Bituminous Surface. Ferry Street was surfaced with asphalt penetration and 6.55 miles of streets were resurfaced by the gravel and tar treatment. We wish to explain that this latter method is in no sense considered a permanent surface but simply a foundation for a bituminous top which will come later.

Garage and Stable. One Ford roadster, two Ford tractors and one International truck have been added to our equipment, as well as three horses.

Patching. Throughout the season it was necessary to patch holes in the pavements and to repair areas over openings made. Main Street from Freight to Bridge was given a tar application.

Snow Removal. Truck and tractor plows replaced the horse-drawn rollers. Sidewalks were plowed as usual.

Sprinkling. Water and Calcium Chloride were used as dust preventatives on all city streets and upon a few of the country roads.

Garbage. Collections were made every week in the business and every two weeks in the residential districts.

Trees. Fifty-two poplar, as well as several dead maples, were taken down and the usual amount of trimming and removal of moth nests was taken care of through the year.

Conclusion. I wish to thank Mayor Flint and members of the board for their interest and assistance during the year.

Respectfully submitted,

ORRIN W. HEAD,
Superintendent of Streets.

REPORT OF THE SEWER DEPARTMENT.

CONCORD, N. H., December 31, 1924.

To the Board of Public Works:

GENTLEMEN: The fourteenth annual report to your board showing work done under the supervision of the Engineering Department, for your board, for the fiscal year ending December 31, 1924, is herewith submitted.

In this report I shall make no recommendations, believing it to be more appropriate to make them to your board at your regular sessions, when the opportunity is always open.

FINANCIAL STATEMENT.

Appropriation for construction and repairs,	\$10,500.00
Appropriation for Reo truck,	1,500.00
Earnings of department,	730.36
	<hr/>
Funds available,	\$12,730.36

DISBURSEMENTS.

Paid for labor on construction,	\$4,856.66
Paid for labor general repairs,	2,369.94
Paid for labor main line plugs,	271.33
Paid for labor house sewers,	364.18
Paid for labor painting sheds,	111.24
Paid for sewer pipe,	1,057.02
Paid for tools and miscellaneous supplies	707.90
Paid for brick,	318.34
Paid for castings,	558.25
Paid for cement,	163.81
Paid for liability insurance,	201.97
Truck account,	1,737.68
	<hr/>
	\$12,718.32
	<hr/>
Unexpended balance,	\$12.04

There were laid 1,890 feet of sewer in 1924; 64 plugs in house sewers were removed.

Manholes were raised to fit road improvements; 23 new manholes were built other than those on construction jobs.

There were 26 main sewer plugs.

Miles of main line sewers.

City proper,	38.035+
East Concord,	0.333+
Penacook,	4.894+
West Concord,	3.531+
St. Paul's School,	1.197+
	<hr/>
Total,	47.990

An itemized account of transactions of the sewer department is kept in the office of the city engineer and information as to the same can be had by interested parties at that office.

Instead of following the usual custom of flushing the sewers in the spring and fall, we worked on the system continually; that is, when we were not at other work. This has proven very satisfactory; in fact, we have adopted the patrol system.

It is very pleasing to this department to see the removal of the poplar trees, but this alone does not remedy conditions as to roots in sewers; before any relief can be obtained it will be necessary to kill the roots, this a very simple and inexpensive procedure and it is hoped activities along this line will be started in the near future.

On January 1, 1924, this department took over the construction of house connections, from main sewer to street line. This has proven a very satisfactory arrangement to all concerned. We have laid 34 connections this year, and data filed on a card system giving location, depth, size and kind of pipe, drain layer and date.

On March 27, 1924, the Reo truck was placed in commission and fills a long felt want. It has enabled us to do

a vast amount of work and is of untold value on sewer plugs as means of quick transportation of tools and men.

Data on truck maintenance can be obtained at the office of the city engineer.

Sewer pipe for the year's work was furnished by A. H. Britton & Co., agents for William S. Simpson, Inc., at 60 per cent off of list, less 2 per cent after freight charges were deducted.

Cement was purchased of G. N. Bartemus and J. E. Normandeau. Tools and hardware were purchased of A. H. Britton & Co., Thompson & Hoague Co., Waldo Bros. & Bond Co. Lumber was purchased of Boutwell, Upton & Boutwell, and Concord Lumber Company.

The trucking prior to installation of truck was done by George L. Theobald and M. J. Gorham.

Monthly statements of coal tar sidewalks, etc., were made showing the location, quantities laid, price of same, and given to the departments or committees having the work done.

In company with one or both of the three members of the committee on locating poles, I have attended to that duty, attended hearings and meetings of your board and furnished such information as was called for.

I wish to thank the citizens, and head of departments for the courtesy extended me and employees of this department.

For the many courtesies extended to me by your board, I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,
City Engineer.

REPORT OF THE BUILDING INSPECTOR.

CONCORD, N. H., December 31, 1924.

To the Board of Mayor and Aldermen:

GENTLEMEN: On August 11, 1924, I was elected Building Inspector by the Board of Mayor and Aldermen.

The building code came into effect on September 26, 1924, since which time there have been 36 petitions for erection or remodeling of buildings as follows:

- 8 1-stall wooden garages (built).
- 1 1-stall metal garage (built).
- 2 2-stall wooden garages (built).
- 1 2-stall wooden garage enlargement (built).
- 1 2-stall metal garage (not built).
- 2 2-stall wooden garages (not built).
- 2 2-stall wooden garages (not completed).
- 1 3-stall wooden garage (built).
- 1 3-stall wooden garage (not completed).
- 1 3-stall stone garage (not completed).
- 1 3-stall wooden garage (not built).
- 1 2-car garage (permit denied).
- 1 dwelling enlargement (completed).
- 1 dwelling alteration inside (completed).
- 1 dwelling enlargement (not built).
- 1 furniture repair shop (completed).
- 1 block remodeled for assembly hall (completed).
- 1 grocery store (wood) (not completed).
- 3 dwellings (wood) (not completed).
- 2 dwelling enlargements (not completed).
- 1 shop enlargement (not completed).
- 1 hall and lodge room (not completed).
- 1 Automobile show room (not completed).

Three petitions for garages were received and objections were made by the abutters. Permit was not granted. Each case, however, was referred to the Board of Mayor and Aldermen, who, after a hearing, granted the petitioners permission to build and they are listed in above figures. One petition for a garage was received and objections were

made by abutters. Permit was not granted and petitioner has done nothing further about it.

Three permits have been granted to move building to new location on same lot.

Eight petitions for erection of signs were received from the Board of Public Works; 5 of these have been erected.

Thirty-seven complaints were received on the matter of wooden shingles and upon investigation it was found that the shingles were purchased or bargained for prior to September 26, the date of passage of the building code.

In regards to signs attached to building throughout the city, I would recommend that the city employ some competent party to make a thorough inspection of all such signs and submit a list of those that are unsafe; as soon as said list is presented, the owners be notified that the sign must be made safe.

Although only a small number of buildings have been erected in the fire limits since the building code was passed, it has required a great amount of time to make inspections and see that the provisions of the code are upheld. Taking an average of past years, we may reasonably expect at least 80 new structures in 1925, to say nothing of alterations of which no estimate of the number can be intelligently given.

We have established a system that is very easy to operate and one that will give a great amount of information at a glance. This has been developed at no additional money cost, and as no funds were available for the inspector to develop the department I have used some of the supplies that are the property of the Engineering Department, the cost of which is small.

If the building code is to be continued it will be necessary for you to make an appropriation for the use of the building inspector, as the work requires a great amount of detail.

For the courtesy extended me by your board, the contractors, workmen and citizens I wish to express my appreciation.

Respectfully submitted,

FRED W. LANG,

Building Inspector.

PUBLIC LIBRARY.

REPORT OF THE TRUSTEES.

*To the Mayor and the Board of Aldermen of the City of Concord,
New Hampshire:*

The trustees of the Public Library herewith transmit the annual report of the librarian containing a brief account of the work of the year 1924.

At the annual meeting of the trustees held on January 21, 1925, Levin J. Chase, Willis D. Thompson, and Thomas W. D. Worthen were reappointed a committee to consider further the question of public library facilities in Concord with special reference to what extensions are desirable.

The trustees fixed the salaries of the library force as follows: Librarian, salary \$1,500 per year, Grace Blanchard; assistants, \$1,000 per year, Helen C. Clarke, Mary W. Dennett, \$900 per year, Bertha N. Carr, \$800 per year, Josephine M. Brown. These increases were regarded as more than well deserved, and the increase in the income from the library trust funds will pay this additional expense.

The trustees recommend that the budget library appropriation for the year 1925 be \$11,543.74. This is made up of \$7,000 from the city free fund (the same as for several years) and the estimated income from the library trust funds (same as last year). This is on the understanding that the interest on the Samuel C. Eastman Public Library Trust is to be added to the principal as a building fund. Strict economy will be required in order to keep the ordinary expenses of the library within the limits of the appropriation above requested.

Respectfully submitted,

THOMAS W. D. WORTHEN,
President of the Board of Trustees.

February 14, 1925.

REPORT OF THE CITY LIBRARIAN FOR 1924.

To the Board of Trustees of the Concord Public Library:

GENTLEMEN: I herein present my annual report containing a brief outline of the work done during the year 1924. The financial statement is as follows:

RECEIPTS.

Appropriation,	\$10,758.22
----------------	-------------

EXPENDITURES.

Salaries and labor,	\$5,275.54
Books and periodicals,	1,958.43
Binding,	392.85
Printing,	124.00
Fuel and light,	888.78
Incidentals,	329.44
Transferred to Samuel C. Eastman Public Library Trust,	1,480.00
Balance,	3,091.18

Total,	\$10,758.22
--------	-------------

The Library trust funds with the purposes and names of donors are given in detail in the list of city trust funds.

Although the City Government mentions as a lump sum the interests received from the bequests made us, I feel we who serve the Library intimately, trustees and staff, ought to keep in mind as interesting individuals the ten citizens who thus remembered this institution. There was President Franklin Pierce, and Mr. Valpey of St. Paul's School, and Mr. Lyon, a bookseller, and Mr. Jones, once mayor, and the Kimballs, father and son. Three, you will recall, Brainard Cogswell, Judge Chase and Mrs. Ela of Illinois specified that their money should be spent for non-fiction of a high order; while Mr. Sam Eastman, besides his larger amount for the Library's ultimate good, set aside a sum from which we should annually buy books in foreign tongues. Thanks to this latter, our Library, if ever enlarged, could have an

alcove unique in New Hampshire, in that it would contain classic and modern works in different languages and be of increasing scope.

It is too soon to know what Judge Corning's gift will accomplish but though its amount and disposition are as yet undetermined, it is not too soon to refer to it gratefully. During his several terms as mayor he evinced no special interest in the City Library, but in his will he certainly proved that he had been observant of the outgrown facilities of this building and proposed to make it possible to better them.

As regards the circulation of books for the year, it is gratifying to report a gain, and that along non-fiction lines, of 3,400. The statistics are:

No. of bound volumes given out—fiction,	57,427
No. of bound volumes—non-fiction,	16,779
No. of bound volumes—periodicals,	<u>4,474</u>
In all,	74,206

This total includes the tributary circulations of books placed:

In Penacook agency,	3,041
At West Concord (where Mrs. Quimby nearly 93, loves to care for them),	299
At East Concord (where Mrs. Stuart maintains good oversight),	570
At the Dewey School,	1,527
At the Millville School,	165
At the Jail,	55
At Camp Spaulding, boys' week,	100
At Camp Spaulding, girls' week,	<u>90</u>
Total,	5,847

It has been possible, partly through watching bargain catalogues, to buy 1,300 volumes the past year; but of these only about half were new publications, the rest being replacements or duplicates.

On our shelves at end of 1923,	34,818
Added by purchase,	1,250
Added by gift,	50
Discarded,	350

Total number owned, December 31, 1924,	35,768
--	--------

Donations annually from the Carnegie Endowment for International Peace are giving us dozens of volumes, valuable and yet not quite within our purchasing scope: books of travel, history and sociology, they are meant to broaden the adult mind, to enlighten one people about another, and thus to strike at the roots of racial hatreds. Although lack of space prevents carrying out the donor's wish that a library should have an international mind alcove, we have given these volumes a bookcase within sight and reach of all who enter the reading room, and it is my earnest hope that they may be read enough to keep Concord out of narrowness and bigotry.

Last spring, when the Penacook High School decided to expand its library, we collected from our duplicate store or bought afresh, 75 worth-while books and sent them to benefit pupils there.

It may be these are not yet sorted out from more ephemeral contributions and catalogued so as to reach the degree of helpfulness which they could afford teachers and scholars.

The number of our new borrowers in 1924 was 761, 350 being of school age; these figures vary little from year to year.

The reference work is being exceptionally well done by Miss Dennett and Miss Clarke. They divide it between them, turn and turn about for two weeks at a time, and yet hold themselves ready to assist cheerfully in desk and clerical work on the first floor. This Library, like all others, is feeling the effect of the cross word puzzle craze, and its dictionaries are consulted as never before.

Respectfully submitted,

GRACE BLANCHARD,
City Librarian.

POOR DEPARTMENT.

FIFTY-SEVENTH ANNUAL REPORT OF THE OVERSEER OF THE POOR.

FOR THE YEAR ENDING DECEMBER 31, 1924.

To the Board of Aldermen:

The undersigned herewith submits the fifty-seventh annual report of expenditures for the poor, including Wards One and Two, for the year ending December 31, 1924.

CITY POOR.

Appropriation,	\$3,500.00
Resolution No. 608,	1,200.00
Resolution No. 620,	37.77
	<hr/> \$4,737.77

COUNTY POOR.

Paid, groceries,	\$243.87
fuel,	120.25
rents,	214.00
board and care,	2,687.42
care, children,	1,240.00
milk,	39.08
medicine,	26.00
shoes,	34.50
clothing,	20.03
burials,	107.90
miscellaneous,	4.72
	<hr/> \$4,737.77

COUNTY POOR.

Paid, groceries,	\$2,298.79
milk,	186.46
fuel,	1,963.70
rents,	2,054.62
care, children,	3,979.00
board and care,	3,551.79
shoes and clothing,	258.58
burials,	138.00
transient account,	40.96
miscellaneous,	50.00
	<hr/> \$14,521.90
Total amount paid for aid to poor,	<hr/> \$19,259.67

DEPENDENT SOLDIERS, COUNTY.

Paid, groceries,	\$256.07
fuel,	167.25
rents,	96.00
board and care,	496.00
shoes,	3.60
	<hr/> \$1,018.92

Respectfully submitted,

ARTHUR E. ROBY,
Overseer of the Poor.

REPORT OF THE CITY CLERK.

To the Board of Aldermen:

The undersigned herewith presents an account of the amount received from fees, licenses, and other sources for the year ending December 31, 1924:

Marriage licenses,	\$230.00
Dog license fees,	211.00
Recording mortgages,	162.00
Recording conditional sales,	783.90
Recording mortgage discharges,	45.25
Recording assignments,	.75
Recording writs,	13.60
Billiard and pool table license fees,	3.50
Certificate of record,	19.75
House rent, fire chief,	250.00
Bowling alley, billiard and pool table licenses,	290.00
Junk dealers' licenses,	130.00
Job team and passenger carriage licenses,	91.00
Dog licenses,	2,424.05
County poor, Merrimack County,	14,486.90
Dependent soldiers, Merrimack County,	1,018.92
State primary fees,	157.00
Sale of city histories,	43.00
Druggists' permits to sell liquor,	5.00
Town of Pembroke, aid poor,	90.00
Lease of land, C. S. Piper,	25.00
A. O. Preston, account of M. J. Preston,	138.00
Bounty hedgehogs,	.60
Bounty wildcats,	60.00
William L. Sleeper, land damages,	125.00
Louise H. Folsom, land damages,	125.00
E. L. Page, layout, Dunklee street,	5.00
Board of Health, paper,	5.25
Land sold Ralph Gilman,	207.74

Sale, Ira H. Manchester, land,	\$10.76
Sale old books,	1.06
Sale of chairs,	10.50
Land sold Arthur E. Eastman,	169.60
Land sold W. A. Lee,	15.65
J. H. Hoffman, account S. H. Gordon,	32.92
Park Dept., Labor,	41.00
Circus license,	30.00
Fees, stand concessions,	32.00
Theatre licenses,	1,071.00
	<hr/>
	\$22,561.70
Motor vehicle permits, 1924,	35,028.26
Motor vehicle permits, 1925,	15,252.41
	<hr/>
	\$72,842.37

The foregoing amounts have been paid into the City Treasury.

Respectfully submitted,

ARTHUR E. ROBY,
City Clerk.

REPORT OF CITY SEALER.

COVERING THE PERIOD JANUARY 1, 1924, TO
JANUARY 1, 1925.

To His Honor Willis H. Flint, Mayor, and the Board of Aldermen:

Two prosecutions have been made during the past year for short measure of gasoline. In each case the offender was found guilty and fined. One appealed and the case is now pending.

Three hundred and ninety-five (395) scales were tested and sealed, three (3) confiscated, and twenty (20) condemned for repairs, which were later reinspected and sealed. Four hundred and sixty-eight (468) weights were tested and sealed. Eighteen (18) wood carts were measured. Five (5) reweighings of coal were made and one hundred and fourteen (114) package reweighings. There were thirty-five (35) five-gallon cans tested and sealed. One hundred and seventy-one (171) tests of automatic pumps were made, ninety-six (96) of which were found correct and sealed, twenty-two (22) adjusted before being sealed, and thirteen (13) condemned for repairs which were later reinspected and sealed. Forty six (46) liquid measures were tested and sealed and five (5) confiscated.

Respectfully submitted,

FRED S. PENDLETON,
City Sealer.

REPORT OF THE CITY SOLICITOR.

CONCORD, N. H., December 31, 1924.

To the Mayor and Board of Aldermen:

The city solicitor has during the past year attended to the routine duties of the office, including numerous opinions to the mayor, the full board, the Board of Public Works, and heads of departments, besides various activities connected with tax sales, the drawing of deeds, the laying out of highways, the drawing of ordinances and resolutions.

Two years of dealing with our ordinances has brought the conviction that the time is ripe for a general revision of the ordinances, which have not been thoroughly correlated since 1912.

There are pending but two cases in court to which the city is party. These are: (1) A prosecution of Ross C. Banks for failure to observe the ordinance prohibiting parking of automobiles in the safety zone on North Main Street in front of the Putnam Drug Store. Mr. Banks was convicted in the Municipal Court, but took an appeal now pending in the Superior Court. (2) A suit by Lucille A. Ahern in Superior Court in which she claims damages for injuries she alleges as the result of the breaking of a rail on the approach to the bridge over the outlet on Washington Street, Penacook. Both of these cases will probably be tried next April.

The city solicitor is co-operating with Hon. Nathaniel E. Martin, who represents the estate of Horace B. Bartlett, in defending a suit of Lewis G. Gilman seeking to recover the bulk of the estate. This case is pending in Hillsborough County Superior Court and is in order for trial at the next term. The city takes the residue of the estate for the library building fund.

Respectfully submitted,

EDWIN L. PAGE,
City Solicitor.

REPORT OF THE MUNICIPAL PLAYGROUND AND BATH DEPARTMENT.

The activities of the various playgrounds in the city were made public through the daily papers, also the program on field day at White Park, where all the playgrounds were represented. The activities at the public baths were also made public through the press. The number present was pleasing and showed a greater interest than ever.

The expenditures of the playgrounds may be found in the Financial Statements, also the appropriation.

It is hoped that we may be able to erect a permanent bath house which adults may enjoy as well as children.

It is recommended that two afternoons a week, Wednesdays and Saturdays, be devoted to the public in general, with attendants present to take care of the property of those making use of the grounds.

C. J. WASHBURN,
Chairman.

Following is a report of the Municipal Playground and Bath Department for the season of 1924.

I am pleased to report a general all-round improvement in the playground work of Concord.

The season of 1923 the Committee on Playgrounds opened Rolfe's playground in Penacook with a woman instructor three days each week. The past season Miss Vesta Knight was in daily attendance, which increased the interest in that locality. The coming season will, no doubt, see a male attendant at the park.

The committee opened a playground in West Concord under the supervision of Miss Sanders. The children showed great interest in their work during the season. The grounds are laid out on the outskirts of a small wood in the rear of the school house. A shallow stream with small rock bottom flows on the edge of the woods. This makes an ideal place for the children to wade in. A small clearing

is planned in the woods for the children to hold their games in the warm weather.

Miss Tebbetts supervises the work in East Concord. In the past an instructor was on part time. Last season Miss Tebbetts was in daily attendance with the result that greater interest was shown. A male instructor should also be in attendance, as there is a large number of boys in daily attendance. A tennis court and shelter for the sand box is planned for the coming season.

Miss Baker and Charles Reardon were in daily attendance at Rollins Park.

The bathing beach on the Merrimac River was the center of attraction for all the children in the city. Webster Bridges and Miss Reardon, two very capable instructors, were in charge and no accidents were reported. During the past season the children from all the play centers were transported to and from the bath houses, where swimming events were held, and prizes that were donated by merchants of Concord were presented to the winners by Mayor Flint.

White Park was opened for the first time. Here one finds the ideal spot for a playground and a pool where the small children can wade and swim. A two-room shed was installed for the boys and girls to dress; play apparatus was installed. This, combined with ball field where the Sunset League play, makes White Park the center of attraction. Miss Howard and Paul Tracy were in daily attendance. The park had the largest daily attendance through the season, which speaks for the interest and great need that the children have shown.

The John Kimball grounds in the North End again was under the able leadership of Miss Paulita Clark and Edward Coughlin. The children that attended this playground center deserve great credit for the interest and all-round ability they showed in their various activities.

At the close of the season the annual pageant was held in White Park, where the children from all the play centers met and gave a very fine exhibition of their work during the past season. Miss Theresa Schmidt, secretary of the

National Playground Association, was present and congratulated Dr. Washburn and the committee on the fine showing of the children. The program started at 2.30 and at 5.30, through the kindness of Cutting Bros., over seven hundred servings of ice cream were issued. At this time I wish to thank the Park Department for the assistance they rendered during the pageant, also Adjutant General Howard's kind assistance is more than appreciated for the use of Tents furnished for the children to dress in.

I submit the following recommendations to the Playground and Bath Department Committee.

Penacook grounds could be improved upon with laying of water pipe to the field for drinking. A tennis court could also be laid out and a male instructor in daily attendance.

West Concord should have a male instructor and a small clearing made in the woods.

East Concord—a male instructor, a shelter for sand box and a tennis court.

Kimball grounds should have the giant swing repaired, and White Park a shelter for the sand box.

Rollins Park a new base ball back stop and bleacher seats installed.

The major proposition for next season is a suitable bath house. This situation for the past three seasons has been very bad. An average of twice a week the portable garages have been broken open and equipment taken. It is very important that a suitable building be erected, lockers installed and with a very small fee charged for locker and towel privilege it would pay for the upkeep. The committee purchased the land last season and are going to try to erect a bath house if an extra appropriation can be made. The children of Concord are in need of this.

I take this opportunity to thank Mayor Flint, Mr. Head of the Bureau of Highways, Mr. Lang, city engineer, Mr. Sanders of the Water Department, and the Committee on Playgrounds and Bath consisting of Dr. Washburn, chairman, Miss Elsie Johnson, Mrs. Cora Sullivan, Miss Mary Saltmarsh, Mr. Richard Smith and Aldermen Brunel,

Tebbetts, Jones and McGuire. It has been a pleasure to have been affiliated with them in this great work for the children of Concord.

Respectfully submitted,

HARVEY W. COHN,
Supervisor of Playgrounds.

HEALTH DEPARTMENT.

REPORT OF THE BOARD OF HEALTH.

To the Board of Mayor and Aldermen:

Following is the report of the Board of Health for the year ending December 31, 1924:

The board was organized as follows: Mayor Willis H. Flint, ex-officio chairman; Doctor Charles H. Cook, ex-officio member, was elected secretary, and Doctor Sibley G. Morrill was the third member. Meetings were held from time to time throughout the year for the transaction of special and routine business.

The report of the sanitary officer to the Board of Health is transmitted herewith and hereby approved and adopted as a part of this report. It is thought that this document covers the ground of the department's activities so fully and in such detail as to render superfluous a lengthy supplementary report from this board.

Respectfully submitted,

WILLIS H. FLINT, *Mayor*,
SIBLEY G. MORRILL, M.D.,
CHARLES H. COOK, M.D.
Board of Health.

THE REPORT OF THE SANITARY OFFICER.

To the Board of Health:

GENTLEMEN: The annual report of the sanitary officer for the year ending December 31, 1924, is herewith submitted:

During the year 1924 there were 428 deaths, which is 51 less than in 1923, heart disease causing 47, the largest number from any one cause. Estimating the population at 23,000 and excluding the non-resident deaths, 173, the yearly death rate for Concord was 11 per cent. There were 240 deaths in the public institutions, and 188 in the nine wards of the city.

Concord has been very fortunate in having thus far escaped an epidemic of scarlet fever similar to the one which has swept our neighboring city of Manchester since November, 1923. The total number of cases of scarlet fever in the city for the entire year was twelve, with one death. Six of these cases had a history of having had direct contact with Manchester, two families having had guests who were residents of Manchester, and the third family had purchased toys there. All of these cases have been mild, with the exception of the one case that proved fatal, which was of an extremely virulent type from the start. Measles were the most prevalent contagious disease, as the mild epidemic of 1923 continued to run until June, when it subsided, and only six cases were reported during the remaining six months of the year. The total number of cases quarantined was five hundred and eighty-three, with no fatalities. There were also seven cases of diphtheria, eighty-seven cases of venereal disease, and twenty-one cases of tuberculosis, with twenty-one deaths. In passing it might be well to state that a number of the twenty-one deaths from tuberculosis were advanced cases that were reported previous to 1924. Of the twenty-one new cases reported, nine died. There was but one case of typhoid fever, which proved to be a very mild type. Eighty-seven cases of venereal disease were reported to this department. The Venereal Disease Clinic

has continued its excellent and efficient work, and five hundred and seventy-six treatments of neo-salvarsan have been given to sixty different clinic cases.

The collection of table garbage was let on contract for the year to John Cochrane, under the supervision of this department. It is interesting to note that the number of licenses issued this year to collect table garbage was nine, while in 1923 twenty-two licenses were given.

The state laboratory has examined ninety-eight samples of milk for this department, ninety-three of which were found to be above the minimum standard for total solids and total fats, required by the state of New Hampshire for all milk. This year the state chemist has made a bacteriological test on all samples of milk, which has proved of great value in stimulating the producers to use greater care in keeping the milk free from all contamination. The recognized limit for bacteria is 100,000, and the maximum count allowed on colon bacilli is 10. Of the total ninety-eight samples examined, thirty-seven ran in excess of 100,000 bacteria and thirty-eight had a colon bacilli count greatly in excess of 10. Following the report to producers on the bacteriological findings, marked improvement has been noted in the milk, but constant watch must be kept over all milk produced to keep it as free as possible from contamination and bacteria. The number of milk farms inspected this year is seventy-eight. Of this number forty-seven were found to be clean, sanitary and in good condition in every way, twenty-one were fair, and the remaining ten in very poor shape. I recommended whitewashing the interior of the barns in these instances, installation of screens, and that the cows be washed down regularly. Second and third inspections have shown great improvement in the cleanliness of the herds and the barns.

Three hundred and fifty-six inspections of plumbing were made, which shows that many new buildings have been under construction about town.

One hundred and fifty-seven complaints and nuisances were inspected, and the cause eliminated. These were

largely from dead animals, odors from various sources, rubbish, unsanitary plumbing, refuse in yards, and the general unsanitary condition of premises. By making a weekly inspection of all alleyways, any accumulation of rubbish in the rear of business blocks has been avoided.

The regular inspection of the shores of Penacook Lake keeps it free from contamination of any sort. The water analysis shows our drinking water to be of the usual superior quality.

The total appropriation for the year was \$10,200, \$5,000 for the general work of the Board of Health and \$5,200 for the collection of table garbage. From the general health appropriation the expenditures were \$4,037.60, which left a balance of \$962.40. Due to the fact that there was very little contagious disease in families needing financial aid from this board, we are able to show the above balance. The garbage collection ran a month before the contract was finally let, which made the total expenditure for this work \$5,414.22, making an overdraft of \$214.22.

Two hundred and one dollars was received from milk license fees.

The following tables show in detail the work of the department:

APPROPRIATION.

Salary, sanitary officer,	\$2,000.00
Upkeep of automobile,	400.00
Fumigation supplies,	100.00

I hereby certify that I have examined the foregoing accounts of Carl H. Foster, city treasurer, for the year 1924 and find all items of receipts and expenditures therein properly recorded and authenticated by appropriate vouchers, and the several items correctly cast, and cash balance to be twenty-seven thousand eight hundred seventy dollars and ninety-four cents (\$27,870.94) and the balance on the roads and bridges bond account to be one thousand six hundred nine dollars and ninety-one cents (\$1,609.91), and as the treasurer of the city water department, cash balance to be thirty-two thousand four hundred fifteen dollars and seventeen cents (\$32,415.17).

I have also verified the account of the special funds of the city in the hands of the city treasurer, and find such special funds invested, and the income thereof for the year 1924 accounted for as shown by the books of the city treasurer kept for that purpose.

ARTHUR E. ROBY,
City Clerk.

CITY TREASURER'S CONDENSED STATEMENT OF GENERAL ACCOUNT.
